During Annual Kiddies' Event

Appear In Newell Parade

A PETER PAN THEME featured the costumes above, judged the most original, during the kiddies Parade at Newell Monday evening. The youngsters are Ann Lynn Cline, Shaun Cline and Amy Cline.

THESE YOUNGSTERS were judged as having the "best costumes" in Monday evening's parade. Left to right are Roger Stewart, gypsy, second prize; Jody Booher, ballerina, first; Steve Johnson, Charles Atlas, first, and Robin Allison, leprechaun, second.

Prizes were awarded to several children following the annual "Kiddies' Parade" which was held Monday night in Newell.

It formed on 4th St. and proceeded down Washington St. to the fairground, where judging took place.

Receiving prizes in the various categories were the following:

Best - decorated boy's bicycle — Eddie Snyder, 1st prize; Leon Swiger, 2nd; best-decorated girl's bicycle — Mary Beth Grimm, 1st; Marsha Lynn Jones, 2nd; best-decorated pet — Tammy Good, with her dog Ginger, 1st prize; Marsha Fluharty, with her dog Penny, 2nd prize, and Jim Gillespie, with his pony Blaze, 3rd prize.

Receiving prizes for the best costumes were Judy Booher and Robin Allison, awarded 1st and 2nd place, respectively, for girls' costumes, and Steve Johnson and Roger Stewart, 1st and 2nd, respectively, for the best boys' costumes.

David and Judy Thornberry were judged the most comical group and Christopher and Lori Ann Wolfe second best.

Ann Lynn, Shaun Cline and Amy Cline received first prize for having the most original costumes, with Mark, Lynn and Kim Mangano and Flavia and Matthew Cox receiving second prize.

Judges were Mrs. Earl Cordray, Mrs. Robert Bennett, Miss Betty Buben and Mrs. Joe Wells.

Appointment Surprise

Justice Goldberg Named As Ambassador To U.N.

Will Replace Stevenson In Position

Johnson Discloses Choice In Quickly Planned Ceremony

WASHINGTON (AP) — President Johnson named Supreme Court Justice Arthur J. Goldberg today to be the new U.S. ambassador to the United Nations.

In a quickly arranged ceremony in the White House rose garden, the President, with Goldberg at his side, named his choice to succeed the late Adlai E. Stevenson.

Goldberg said the message of Adlai Stevenson to the world must continue — man's ancient supplication to "grant us peace."

And he promised to attempt to bring "the rule of law to relations between the various nations — it is that or doom and we all know that," Goldberg said.

The selection came as a distinct surprise. Speculation had centered on the idea of a Cabinet reshuffle.

Congressional informants said Monday Johnson might offer the U.N. post to Secretary of State Dean Rusk and they thought Rusk would be receptive.

In that event, the informants said, Johnson might switch Secretary Robert S. McNamara from the Defense Department to the State Department, succeeding Rusk. There also has been some talk here that if the defense post became vacant, the assignment might go to either McGeorge Bundy, Johnson's assistant for international security affairs, or to Cyrus Vance, No. 2 man in the Defense Department.

In the absence of any word from Johnson, all these possibilities remain completely conjectural, and the key move — Rusk to the United Nations — appeared to run counter to a recent statement by Johnson declaring his complete confidence in Rusk as secretary of state.

A week ago — The day before Stevenson died — Johnson was asked in a news conference whether he foresaw a change in the top position at the State Department.

Deteriorated Situation Is Seen In Viet

But Picture's Not All Black, Declares Defense Secretary

SAIGON, Viet Nam (AP) — Defense Secretary Robert S. McNamara said today the Vietnamese situation has deteriorated in many aspects in the last 15 months, but the picture is not all black. Then he headed home from his five-day survey to report to President Johnson.

McNamara said nothing in a news conference statement about expectations that this report will form the basis for a sizable increase in U.S. military strength in Viet Nam.

An apparent attempt to assassinate U.S. Ambassador Maxwell D. Taylor, a savage battle at a garrison post near the Cambodian frontier and a second Viet Cong attack on the U.S. 1st Infantry Division's 2nd Brigade at Bien Hoa were among highlights of the day.

Four suspects, including two boys, were reported arrested after discovery and disarming of a claymore bomb planted at the entrance of a stadium where Taylor and senior Vietnamese officials were attending a Unity Day celebration.

Returning to Washington with McNamara were Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, and Ambassador-designate Henry Cabot Lodge, who is to relieve Taylor in mid-August.

"The over-all situation continues to be serious," McNamara told a news conference before flying back to Washington.

He cited increased Viet Cong concentrations, the rate and intensity of enemy operations, the disruption of communications throughout the country and an intensification of terrorist activity.

"But the situation is not all black," said the secretary. The Vietnamese people are continuing to fight, he went on, the Viet Cong is suffering increasing losses, and U.S. combat forces have "added substantially" to Vietnamese fighting strength.

McNamara said he would recommend to President Johnson that the United States "fufill the commitment of our nation to defend Viet Nam." He declined to elaborate, but during his visit both U.S. and South Vietnamese officials here recommended that U.S. troops in the country be increased.

On the battlefront, an outnumbered Vietnamese special forces garrison fought off a powerful Viet Cong attack in a "valiant stand" early today but suffered "an awful lot of casualties," a U.S. spokesman reported. He said Americans were among the dead.

Six U.S. special forces advisers and 200 Vietnamese made up the garrison, at Bu Dop, due north of Saigon and five miles from the Cambodian border.

The Viet Cong repeatedly assaulted the camp, the spokesman said, but did not penetrate far into it.

Would Benefit Post-Korean Veterans

Senate Passes 'Cold War' GI Bill Of Rights Measure

WASHINGTON (AP) — The Senate has passed an administration-opposed "cold war" GI Bill of Rights measure. The issue of educational allowances and home loan benefits for post-Korean veterans now is up to the House.

The Senate rejected Monday Republican proposals to restrict the aid to veterans of combat zone service and then passed the bill, 69 to 17. The House failed to act on a similar Senate measure in 1959, but Sen. Ralph W. Yarborough, D-Tex., told reporters Chairman Olin E. Teague, D-Tex., of the House Veterans Affairs Committee, has announced plans to hold early hearings on the new bill.

Senate Democratic Leader Mike Mansfield indicated he expects favorable House action this year, when thousands are serving in Viet Nam.

Mansfield supported the bill, although the Budget Bureau, Defense Department and Veterans Administration opposed it.

Sen. John G. Tower, R-Tex., voted for the measure on final passage, expressing hope that the House will convert it "into the Viet Nam GI Bill we so badly need."

He had participated in efforts to restrict the benefits to men who served in areas of hostilities. An amendment along these lines, offered by Sen. Leverett Saltonstall of Massachusetts and other Republicans, lost,52 to 36.

The bill covers all veterans serving from Jan. 31 1965—the declared termination date for establishing eligibility under the previous Korean GI Bill — to July 1, 1967, the termination date of the compulsory draft law recently extended by Congress.

Eligibility for education allowances, $110 a month for bachelors, $135 for veterans with one dependent and $160 a month for veterans with more than one dependent, would be conditioned on more than 180 days of active duty or discharge for service-connected disability.

The same eligibility would apply for applicants for loans and guarantees for the purchase of homes and livestock. If a serviceman dies from service-connected disabilities, his widow could apply for such loans and guarantees.

The education allowance would provide 1½ days of school aid for each day of active service, but with an over-all limit of 36 months.

The loan features would not provide aid in starting businesses — except for the help in acquiring farms and livestock — as did the earlier GI bills.

The government would guarantee 60 per cent of loans from banks and others up to $7,500 on residential real estate, and would provide a 50 per cent guarantee up to $4,000 on non-residential real estate.

Council Asks Survey

Signs Proposed To Cut Speeding

Council asked Safety - Service Director Robert E. Vodrey Monday night to erect speed limit signs on streets which are now unposted, giving the police department the tool it needs to crack down on complaints of speeding, particularly in residential areas.

The suggestion was made by Councilman Donald Hancock, who proposed that Vodrey check with the police department to find out which streets need speed limit signs.

—:—

"WE RECEIVED a complaint recently of speeding and hot-rodding on Erie St.," Hancock remarked. "That's a common practice, not only on Erie St., but on other streets. Many of our streets do not have speed limits posted and where there are no signs the police department cannot make arrests.

"Globe St. and Erie St. both need signs," Hancock continued. "Other streets should be posted where people make a habit of speeding, so that the police department will have something to work with."

Then he made the motion for the director to make a survey and erect the signs. The motion passed unanimously.

—:—

SEVERAL OTHER traffic questions also were aired.

Councilman William Davis said he has received complaints that motorists are ignoring a one - way traffic sign in Persimmon Alley and using the little thoroughfare to bypass traffic lights. He said the one-way rule was established over a year ago under an ordinance that allows temporary changes in traffic and parking regulations for up to 90 days. He said he feels the regulation should be made permanent.

Council then approved Davis' motion to renew the one-way rule for another 90 days.

Vodrey reported to Council on the cost of equipment that would be required for two traffic light changes suggested at recent meetings.

Council proposed a "walk" light for pedestrians on the signal at Broadway and E. 6th St. and an "advance green" arrow

School Board Okays Budget Of $2,653,315

Figures Represent $268,470 Increase Over Previous Year

General operating expenses in East Liverpool schools will exceed the $2½ million mark, according to the proposed 1966 budget approved by the Board of Education Monday night.

The budget provides for $2,653,315 in all funds, an increase of $268,470 over the $2,384,840 total budget for 1965. The budget must be approved by the Columbiana County Budget Commission.

The general fund totals $2,096,363, compared with $2,083,587 this year. The actual appropriations usually are lower than the budget. The appropriations will not be made by the school board until next March.

Almost all of the overall increase lies in the bond retirement fund, which totals $411,943, compared with $157,650 in this year's budget. This is because of the new bonds issued for the proposed new buildings. A breakdown shows $265,000 for bonds maturing and $146,943 for interest.

Here's a breakdown of the budget:

Salaries — Members Board of Education, $180; clerk, $5,400; superintendent, $12,000; assistant superintendent, $10,300; superintendent's clerks, $11,711; enumeration, $700; supervisors, $14,000; principals, $76,500; principals' clerks, $17,910; teachers, $1,276,570; substitute teachers, $19,500; tutors, $2,650; teachers, special classes, $11,500; teachers, summer school, $7,000; attendance officer, $4,500; medical inspection, $2,400; nurse, $4,230; librarians, $12,200; bus drivers, $12,048; stadium, $4,350; janitors, $113,300; engineers, $9,800; maintenance buildings and grounds, $4,950; lectures, $500; legal, $100; other special services, $13,500.

Supplies — Offices, $4,700; buses, $2,100; other motor vehicles, $340; textbooks, $18,000; library books, $6,000; other educational supplies, $16,100; coal, gas, $23,300; janitors' supplies, $9,000; engineers' supplies, $1,500; recreational supplies,

Bill Stemmed From Resort Flareups

Ohio Senate Fight Looms On Anti-Rioting Measure

COLUMBUS, Ohio (AP)—An anti-rioting bill that may have set an early speed record in the 106th Ohio General Assembly faced a stop sign today in the Ohio Senate.

Senate Democratic Leader Frank W. King, D-Lucas, planned to lead a floor fight against the hurriedly drafted measure that stemmed from Fourth of July riots at two Ohio summer resorts.

King, also president of the Ohio AFL-CIO, described as "ridiculous" provisions in the bill permitting convicted rioters to be assigned to a civilian work force under the Ohio National Guard.

"All this thing would do is allow concentration camps," King said of the emergency bill recommended for passage after two speedy hearings by the Senate Judiciary Committee.

Sen. William H. Deddens, R-Hamilton, sponsored the measure along with Sens. Robin Turner, R-Seneca, and Robert E. Stockdale, R-Portage, in whose districts the riots occurred.

Deddens introduced the measure only two days after youthful outbursts at Russells Point and Geneva-on-the-Lake resulted in the arrest of more than 300 persons and thousands of dollars in property damage.

"Most of them just shelled out fines and went on their way," Deddens said.

The return of the lawmakers from weekend recess found some still talking about the possibility of ending the long session by Friday. But others insisted the ironing out of details on several pieces of legislation will delay adjournment until around the first of August.

More hearings were conducted Monday night by the Senate Education Committee on the 645 million school foundation bill, considered the biggest roadblock.

Committee members indicated they will seek amendments to the House-passed bill in several areas, including additional funds for extended services. Such an attempt could delay action beyond the Wednesday target date announced earlier by Chairman Oakley C. Collins, R-Lawrence.

The House Liquor Control Committee virtually completed action Monday night on a Senate bill which could help lure a multimillion-dollar brewery into Central Ohio.

60 Units Due For Lisbon's Fete Parade

LISBON — More than 60 units are scheduled to take part in the Lions Club parade Wednesday night, another highlight of the Railroad Centennial festival this week.

The parade, slated to begin at 7 p.m., will include the David Anderson High School band, Beaver Local High School band, Columbiana County 4-H band, Canfield Junior American Legion Band and many other marching units, James Horger, chairman, said.

The Lions Club street fair opens tomorrow and the Kiwanis Club will sponsor its annual chicken barbecue at Willow Grove Park from 11 a.m. to 2 p.m. and 4 to 8 p.m.

Miss Cheryl Standley of East Liverpool, chosen Miss Railroad Centennial Queen," will take part in the parade. She was sponsored by the Golden Star Dairy in competition Saturday with 20 other girls.

The festival will be climaxed Sunday with a grand encampment of Civil War groups and a battle re-enactment at the Fairgrounds.

Entry Probe Pushed

LISBON — Deputies today pressed investigation of the seizure of an East Rochester woman by two young men in an apparent attempt to take money at her tourist home Sunday night. Mrs. Stella Frantum was bound and gagged by the two who ransacked the home, but took nothing.

Bomb Call Fails To Halt Sargus' Strip Mine Battle

By WILLIAM S. VANCE
Review Staff Correspondent

COLUMBUS, Ohio — A telephoned warning of a bomb threat has not deterred Sen. Edmund A. Sargus, D-Belmont, from continuing his battle for strip mine legislation.

Sargus, who declined to link the threat to the strip mine bill, said he will insist today on appointment of a conference committee to resolve Senate - House differences in the measure.

Sargus said the telephone call was received by his wife Betty about 11:40 a.m. Monday before he left for the capital.

The caller, according to Mrs. Sargus, said a bomb would be placed in the senator's car. Sargus, who was threatened by a coal industry lobbyist with "political and professional extinction" earlier in the session, reported to the Federal Bureau of Investigation this exchange between the anonymous caller and his wife:

Caller: Is this the Sargus home?

Mrs. Sargus: Yes.

Caller: Are there any children that ride in Mr. Sargus' car?

Mrs. Sargus: Yes, why?

Caller: There's going to be a bomb put in his car.

Mrs. Sargus: How do you know?

Caller: I heard some...men talking.

Mrs. Sargus: Who is this?

At that point, said Sargus, the caller hung up.

Mrs. Sargus told the senator the caller's voice sounded "funny...fuzzy, like something was being held over the mouthpiece."

Sargus said the call to his St. Clairsville home came while he was at his law office in Bellaire.

After reporting the call to the

Labor Dispute Snarls Races At Waterford

With talks in a labor dispute still going on at presstime, it was not clear whether there would be racing tonight at Waterford Park.

The controversy forced cancellation of eight of Monday night's nine races at the track.

Maintenance men and starting gate men, attempting to get union recognition, picketed the track before the first race last night. The management put other workers on the starting gates, but jockeys would ride only the first race, which was held up for approximately 45 minutes.

Vital Spur won the first race and returned $64.40, $21 and $12.40. The track paid all of the fans, holding daily double tickets with the winner of the first race, a consolation double payoff of $56.40.

All admissions were refunded to the patrons as provided by West Virginia racing commission rules.

President James Edwards of Waterford Park could not be reached for comment this morning.

Ohio Senate Fight Looms On Anti-Rioting Measure

COLUMBUS, Ohio (AP)—An anti-rioting bill that may have set an early speed record in the 106th Ohio General Assembly faced a stop sign today in the Ohio Senate.

Senate Democratic Leader Frank W. King, D-Lucas, planned to lead a floor fight against the hurriedly drafted measure that stemmed from Fourth of July riots at two Ohio summer resorts.

King, also president of the Ohio AFL-CIO, described as "ridiculous" provisions in the bill permitting convicted rioters to be assigned to a civilian work force under the Ohio National Guard.

"All this thing would do is allow concentration camps," King said of the emergency bill recommended for passage after two speedy hearings by the Senate Judiciary Committee.

Sen. William H. Deddens, R-Hamilton, sponsored the measure along with Sens. Robin Turner, R-Seneca, and Robert E. Stockdale, R-Portage, in whose districts the riots occurred.

Deddens introduced the measure only two days after youthful outbursts at Russells Point and Geneva-on-the-Lake resulted in the arrest of more than 300 persons and thousands of dollars in property damage.

"Most of them just shelled out fines and went on their way," Deddens said.

The return of the lawmakers from weekend recess found some still talking about the possibility of ending the long session by Friday. But others insisted the ironing out of details on several pieces of legislation will delay adjournment until around the first of August.

More hearings were conducted Monday night by the Senate Education Committee on the 645 million school foundation bill, considered the biggest roadblock.

Committee members indicated they will seek amendments to the House-passed bill in several areas, including additional funds for extended services. Such an attempt could delay action beyond the Wednesday target date announced earlier by Chairman Oakley C. Collins, R-Lawrence.

The House Liquor Control Committee virtually completed action Monday night on a Senate bill which could help lure a multimillion-dollar brewery into Central Ohio.

60 Units Due For Lisbon's Fete Parade

LISBON — More than 60 units are scheduled to take part in the Lions Club parade Wednesday night, another highlight of the Railroad Centennial festival this week.

The parade, slated to begin at 7 p.m., will include the David Anderson High School band, Beaver Local High School band, Columbiana County 4-H band, Canfield Junior American Legion Band and many other marching units, James Horger, chairman, said.

The Lions Club street fair opens tomorrow and the Kiwanis Club will sponsor its annual chicken barbecue at Willow Grove Park from 11 a.m. to 2 p.m. and 4 to 8 p.m.

Miss Cheryl Standley of East Liverpool, chosen Miss Railroad Centennial Queen," will take part in the parade. She was sponsored by the Golden Star Dairy in competition Saturday with 20 other girls.

The festival will be climaxed Sunday with a grand encampment of Civil War groups and a battle re-enactment at the Fairgrounds.

Bomb Call Fails To Halt Sargus' Strip Mine Battle

By WILLIAM S. VANCE
Review Staff Correspondent

COLUMBUS, Ohio — A telephoned warning of a bomb threat has not deterred Sen. Edmund A. Sargus, D-Belmont, from continuing his battle for strip mine legislation.

Sargus, who declined to link the threat to the strip mine bill, said he will insist today on appointment of a conference committee to resolve Senate - House differences in the measure.

Sargus said the telephone call was received by his wife Betty about 11:40 a.m. Monday before he left for the capital.

The caller, according to Mrs. Sargus, said a bomb would be placed in the senator's car. Sargus, who was threatened by a coal industry lobbyist with "political and professional extinction" earlier in the session, reported to the Federal Bureau of Investigation this exchange between the anonymous caller and his wife:

Caller: Is this the Sargus home?

Mrs. Sargus: Yes.

Caller: Are there any children that ride in Mr. Sargus' car?

Mrs. Sargus: Yes, why?

Caller: There's going to be a bomb put in his car.

Mrs. Sargus: How do you know?

Caller: I heard some...men talking.

Mrs. Sargus: Who is this?

At that point, said Sargus, the caller hung up.

Mrs. Sargus told the senator the caller's voice sounded "funny...fuzzy, like something was being held over the mouthpiece."

Sargus said the call to his St. Clairsville home came while he was at his law office in Bellaire.

After reporting the call to the

4 New Teachers Hired By Board, 3 Others Resign

Four new teachers were approved and the resignations of three accepted by the Board of Education Monday night.

James Render, a former instructor at Stanton Local High School, Irondale, was hired as a high school teacher and assistant football coach.

—:—

JOHN SWAN was employed as a junior high school teacher and coach for East Junior High School. He served as head basketball coach and assistant football coach at Bellaire St. John High School for two years as well as working at Steubenville Central and Jefferson Union schools.

Donald W. Charlton Jr. of Pittsburgh was employed as a teacher and physical education instructor for East Junior High. He also will be an assistant football coach. He is a graduate of Lockhaven (Pa.) State College.

Miss Lennie Lee Hobbs, a graduate of East Liverpool High School, was employed as an elementary teacher. She has taught six years in the Youngstown and Cleveland parochial systems.

Resigning were Dominic Cascio of East Junior High, Archie Myers, elementary and junior high elementary music instructor, and Miss Joy Sanford, an elementary teacher.

—:—

IN OTHER action, the board approved the appointment of Harold West as the attendance officer for the coming year at a salary of $4,500. He will be given $50 car travel allowance per month for nine months.

The board approved a two-year extension of the contract for George Hargraves, assistant superintendent. His contract runs for one more year. Supt. Paul Blair asked the extension be granted to show "the board's appreciation for the work being done by Hargraves. He has been offered other positions. He is very interested in the building program and I am proud to have served with him," Blair commented.

There will be no change in salary, subject to additional money for all personnel.

The board also granted a new two-year contract to Carl Pelini, high school principal, and a one-year contract to Milton Watson, assistant principal at Westgate School, at the same salaries.

Blair said he is "very fortunate in having Hargraves and Pelini. We have one of the best teams in the state of Ohio. We don't always see eye to eye, but we come up with factual information for the public."

The First National Bank and the Potters Bank & Trust Co. were designated as depositories for board funds for the period of Aug. 1 through July 31, 1967.

—:—

THE BOARD approved a resolution from the East Liverpool Teachers Association calling for the association to be the sole agency through which the teachers will deal with the board.

It states "The Board of Education of the East Liverpool Public Schools recognizes the East Liverpool Teachers Association, affiliated with the Ohio Education Association and with the National Education Association, as the sole agency through which the teachers develop and represent their considered opinion on matters of concern to them."

The association was represented by Mrs. Marie Graham and Mrs. Ruth Bebout of the policy committee.

Approval was given the Pioneer Insurance Co., with Paul Shingler as the local agent, for providing student insurance the coming term. The firm held the contract last year. The rates and coverage are the same.

—:—

GOLDEN STAR Dairy was awarded a contract for providing milk for the system at a cost of 6 cents per half pint for white homogenized. The Vernon Dell Dairy bid 6¼ cents per half pint.

The Goddard Baking Co. of Chester was awarded a contract for providing bread for the cafeteria. The bid was 14 cents for a 17-ounce loaf of bread, 24 cents for 20 - ounce sandwich buns and 26 cents for 22-ounce wiener buns.

Keystone Bakery, Inc., bid 17½ cents for bread, 25 cents for sandwich buns and 29 cents for wiener buns, with a discount figured in. The Schwebel Baking Co. bid 14½ cents for bread, 23 cents for sandwich buns and 24 cents for wiener buns, while the Ward Baking Co. bid 17 cents for bread and 27 cents for sandwich buns and wiener buns. Goddard had the contract last term.

The First Church of Christ was given permission to use the Memorial Auditorium on Sunday mornings for Bible School Classes and church services. The rental rate will be $12.50 per Sunday. The usual cost is $25, but the board pointed out the church had allowed the school to use its parking lot free of charge in the past. The church also will provide the janitor for the auditorium.

Blair said the request was made by H. R. Howard, a church trustee, in conjunction with the remodeling of the church sanctuary.

C. R. Thomas Jr., an agent for the Allstate Insurance Co., offered to have his firm make a survey and submit a commercial bid on the proposed new school buildings. The board said his proposal would be considered.

Peggy Skeens of Stagecoach Rd. Ext. was granted permission to attend Beaver Local Schools. The board will pay the tuition.

—:—

APPROVAL WAS given for the purchase of a movie projector costing $1,066 under Title III. Under Title V the board approved the purchase of $1,900 in Ohio Survey Tests used in the system. The board is reimbursed half the cost under the programs. Blair said half the money for the projector will come from the high school's activity fund. The tests are used for the fourth, sixth, eighth and tenth grades.

A discussion was held on the problem of students driving cars to school. John R. Woomer said he had received complaints from residents in the high school area relative to the parking problem created by students' cars. He also commented on the poor driving habits of some of the students and urged the administration take a stand. Blair said high school students are urged not to drive and junior high students are not allowed to drive to school.

—:—

IT WAS pointed out the board does not have jurisdiction over the city streets, but that when a new high school is built, the board can adopt a resolution prohibiting students from parking on the school grounds.

Postmaster Samuel Brown complained of cars parking in front of the ticket gate at Patterson Field. He said residents could use the Westgate parking lot in the evening and asked Blair to contact them requesting the area in front of the gate be kept clear. There is grease and glass all over the area, Brown said.

Mrs. Nessie Dunlop, a member of the board, was absent last night. The Rev. M. Rudolph Miller of the Trinity United Presbyterian Church gave the opening prayer.

Union Fringe Requests Due Council Study

Council asked its ordinance and finance committees Monday night to study requests for five fringe benefits proposed by Local 677, American Federation of State, County and Municipal Employes.

The fringe benefits had been sought earlier by the local, which represents workers in several municipal departments. When granting a general pay boost about two months ago, Council deferred action on the fringe requests, but promised to give them study later. That led to last night's discussion, held in a caucus session.

The local was represented by Ken McCarty, president, and Mrs. Catherine Martin. They reiterated the list of fringe proposals:

Computation of vacation time as a specified number of working days, not calendar days, with 6½ working days off after a year's service; 19½ days after 10 years' service; 26 days for 15 years and one more vacation day for each additonal year of service.

Sick leave of six months at full pay and an additional six months at half pay for those injured in line of duty. Sick leave and pay to be accumulated up to a maximum of six months, instead of the present 90 days, and paid at time of severance.

Hospitalization insurance premiums to be paid fully by the city. At present the city pays the worker's premium, but the employe must pay for coverage for dependents.

Addition of four holidays, for a total of 10.

A new system for establishment of a longevity pay system.

Mrs. Martin pointed out all the benefits except the insurance payments and the longevity pay could be instituted without direct cost to the city. She said Auditor Lawrence Zollinger, at the union's request, computed that the additional insurance payments would cost the city $18,130 annually and the longevity pay would mean another $19,695 a year.

Councilman Floyd Murray suggested that Council might study legislation to grant the benefits that would mean no direct additional cost. After more discussion, the proposals were referred to the two committees for study.

Delegation Asks Abandonment Of Glenmoor Alley

A request to have a Glenmoor alley right- of - way abandoned was taken under study by the St. Clair Township trustees at a meeting Monday night.

A delegation of property owners asked for the abandonment of an alley between 5th St. and the Y. & O. Rd. Trustees will confer with the county commissioners on the matter.

A delegation from the Duke Vodrey Rd. filed a complaint concerning the dumping of septic tank refuse on a farm in the area. County Health Department authorities visited the farm last week.

It was reported other county officials will be asked to take action on the dumping, which the delegation termed a nuisance.

Bills totaling $2,824 were paid. The trustees will meet again Monday.

38 Grandchildren Get $4 Million Insurance

TOLEDO, Ohio (AP)—In one of the most unusual life insurance transactions ever reported, 38 grandchildren of a prominent Toledo area couple have received policies worth a potential $4 million.

The policies are issued in the original amount of $15,000 each, but each child is guaranteed up to $90,000 additional life insurance without medical examination at any time in the future.

The children, aged 10 months to 15 years, all are equal partners with their grandparents, Mr. and Mrs. Harold Anderson, and six sets of parents in the thriving Andersons business in nearby Maumee.

The Thorny Question

How To Integrate Chicago, D. C., Harlem Schools?

WASHINGTON (AP) — The White House Conference on Education tackles this thorny question today: "How do you go about integrating the schools in predominately Negro South Chicago, Washington, D.C., and New York's Harlem?

The problem was posed by Dean Roald Campbell of the University of Chicago's Graduate School of Education.

Campbell contends it can't be done.

The only practical solution to the problem, he said in a background paper distributed to all conference participants, is to upgrade the quality of education in all schools — white, Negro and mixed.

Campbell said he could not accept the view that only integrated schools can be good schools.

"While I think we must promote integration," he said, "at the same time I do not believe we have hard data to support the point that only integrated education can be quality education."

The session on de facto segregation and the urban schools is just one of several highly controversial discussions scheduled for the two-day meeting.

Perhaps the most heated debate will center on whether there should be some sort of national testing to determine the quality of public education.

Those who favor the idea say that without national testing, the American taxpayer doesn't know whether he is getting a bargain or being short-changed for the billions of dollars he spends on the schools.

Opponents center their attack on the fear that any national program of testing will inevitably lead to a national curriculum, and federal control of what goes on in the classroom.

The 700 leaders in education, business, labor and government who have been summoned to the nation's capital for the conference are not expected to come up with agreed answers to the problems, nor with specific legislative proposals.

John Gardner, president of the Carnegie Corp. and conference chairman, told a news conference Monday that reports of all the debates will be forwarded to President Johnson and his staff.

Gardner added that the President and his staff will use the conference reports when they draw up next year's proposals for educational legislation.

Bill Advanced On Lisbon St.

Legislation advanced through the second of three required readings Monday night at Council's session for a State Highway Department project for widening, resurfacing and partial relocation of State Route 267 (Lisbon St.) between W. 8th St. and the city limits.

The measure was given second reading, 5-1, with Councilman Donald Smith casting the lone dissenting vote. Six favorable votes would have been required to enact the legislation immediately under suspension of rules. Favorable votes were cast by Councilmen Donald Hancock, Robert W. Sample, Norman Bucher, William Davis and Floyd Murray.

Smith also voted against the legislation on first reading July 7. He said he favors the project, but feels the state should clarify a clause in the so - called consent ordinance that would require the city to ban all parking "within the limits of the improvement." He said a complete parking ban would work a hardship on residents of the hillside stretch of Lisbon St.

Council approved a motion asking Safety-Service Director Robert E. Vodrey to check with the state for clarification of the parking clause. A similar motion was approved at the July 7 special session, but the director was not present. He said last night he was not advised of Council's request.

The overall cost of the work has been estimated at $200,000, with a city share of $40,000.

The ordinance will be due for third reading at the next meeting Aug. 16.

It Was A Balloon, Probers Say Of Mystery Object

DAYTON, Ohio (AP) — The Air Force said Monday a "mysterious" sky object seen by thousands in Ohio and states east last week was one of two missing Navy balloons released in Canada.

"We have positively identified the object as a balloon," said an official at "Project Bluebook," the Air Force's investigative agency for unidentified flying objects.

"We can't identify which balloon until we recover the package," said Sgt. David Moody.

He said four balloons were released July 5 by the U.S. Navy at Churchill, Man., on Hudson Bay. Two of the balloons, used for cosmic ray research, are missing, Moody said.

He said the balloons, 200 to 300 feet tall, are valued at about $100,000, including their special scientific cargo.

Moody said the balloons normally fly at about 125,000 feet.

The sky object was reported seen by thousands of people in Ohio, Pennsylvania, West Virginia and Maryland last Monday night. Some said it glowed. Others said it beamed a spotlight on the ground.

Moody said similar sightings over the Azores and Portugal have been traced to another research balloon released over India.

Final Decree Slated For Webb, Loughery

LOS ANGELES (AP) — The way was open today for a final decree to end the marriage between actor-producer Jack Webb and Jacqueline Loughery, Miss U.S.A. in the 1953 Miss Universe contest.

Last March 19 — five days before she was to have received the final decree she sought — Miss Loughery filed suit to set aside the property settlement, alleging she signed it under emotional stress.

Monday she dropped the suit, saying her allegation of "fraud duress and undue influence was not correct." The settlement provides for $99,000 of alimony in five years, plus a $35,000 share of community property.

Actor To Face Trial For Drunk Driving

BEVERLY HILLS, Calif. (AP) — Actor Howard Duff faces trial in municipal court Sept. 15 on a charge of drunken driving.

Arrested Monday morning, Duff, 51, later pleaded innocent. He was charged also with driving a car without a license in his possession. He was released on $166 bail.

Driver Penalty Bill Sent To Gov. Scranton

HARRISBURG (AP) — A bill regulating the suspension of Pennsylvania drivers' licenses for offenses committed in other states was sent to Gov. Scranton Monday.

The Senate passed, 47-1, the House bill which would provide that no state motorist could lose his license if the violation does not carry a suspension penalty in the state where the offense occurred. Sen. Jack E. McGregor, R-Allegheny, cast the lone nay vote.

Driver Veers And Damages Auto At Curb

A driver veered out of the traffic lane and damaged a parked auto Monday night on St. Clair Ave. as the owner of the parked vehicle watched from a "front row seat" on the porch at her home, police reported.

A 1955 two-door sedan driven by Mary Jane Summers, 18, of Harrison Ave. struck a parked 1959 two - door owned by Mildred Wallace, 1825 St. Clair Ave., officers said.

The driver said she reached to close the door of the glove compartment, causing her auto to veer and hit the parked car. The owner of the parked car said she was seated on the front porch at her home and witnessed the crash, timed at 7:12. Patrolman L. E. Richard investigated.

A pedestrian and a backing auto were involved in an incident Monday at 8:45 p. m. on E. 6th St., but it was not determined whether the man on foot was hit by the auto or if he fell while trying to avoid it, police said.

The incident involved a 1961 two - door sedan driven by Virgil M. Andrews, 45, of Calcutta and W. A. McGonigal, 216½ Summit Ln., the pedestrian, officers said.

Andrews said he was backing into a parking space. He said he did not see anyone behind his car until a passerby shouted at him, then saw the man on the street. He said he did not know if his car hit the pedestrian or if the man fell.

McGonigal refused an offer of medical examination, officers said. He did not give police a statement.

Harry Reckner of R. D. 1 told police the right side of his parked 1960 four - door sedan was damaged by a hit - skip car on W. 6th St. sometime between 9:45 and 10 last night.

Meanwhile, a belated report was filed on a mishap Saturday at 6 p. m. on Park Way 15 feet north of Pennsylvania Ave.

It involved a 1959 two-door sedan driven by Ernest K. Joyce, 52, of 1078 Mapletree St. and a 1962 two - door driven by James H. Jenkins, 35, of 277 Haywood St. There was damage to the left rear of the Joyce car and the front bumper of the Jenkins car was scratched, officers said.

Kaycee Unit's Heads Seated

Officers of Carroll Council 509, Knights of Columbus, headed by John B. Ferlaino, grand knight, were installed Saturday night at the K. of C. hall, with James McPeak, district deputy, in charge.

Other officers seated include: Frank Arcuri, deputy grand knight; James J. McGowan, chancellor; John Johnson, financial secretary; Charles McBride, recorder; W. Edward McCormick, warden; Raymond Akins, trustee; Joseph O'Hanlon, inside guard, and Matthew Kuzmich, outside guard.

Ferlaino announced the appointment of his staff for the new year, with Arcuri as general chairman.

He will be assisted by the following committee chairmen: Perry Ross, Catholic activities; Roma Adkins, council activities: Francis Bentz, fraternal activities; Charles Geon, membership insurance; Akins, conservation; Patrick McNicol, admissions; Ralph McNicol, public relations; McBride, youth activities, and McGowan, state youth campaign and lecturer.

A social for members, their wives and friends followed the ceremony in the club rooms, featuring dancing to music of The Esquires and a buffet-style supper.

The social committee was headed by Adkins, assisted by the chairmen of other committees.

Held In Gun Death

CLEVELAND (AP) — Police are holding a 78-year-old East Side man in the death of L. D. Robinson, 49, who allegedly was shot in an argument over a baseball bet. Robinson died Monday in St. Alexis Hospital, where he was taken after being shot in the stomach Friday.

Man Over-Imbibes In Birth Of Daughter

PITTSBURGH (AP) — James Campbell, 41, was arrested when he refused to stop blocking traffic and then gave police trouble before being removed.

Campbell told a police magistrate Monday he had over-imbibed while celebrating the birth of his first child — a daughter — in 19 years of marriage.

The charges were dismissed.

Knife Edge Of Compromise

No one ever questioned the patriotism of Syngman Rhee, the Korean whose lifelong campaign for independence finally bore fruit in the autumn of his long lifetime.

He was 90 when he died in Hawaii, an exile from his beloved land. He was 85 when pressure from the United States and his own people forced him to resign as president of Korea in 1960. It is helpful to remember, in the light of U.S. involvement in another Asiatic struggle, some of the circumstances of Rhee's resignation.

The United States had warned the old man repeatedly that his image as the "father of his country" did not give him a license to be its dictator.

When he finally was forced out by widespread protests against his highhandedness, the United States gave him the final push by threatening to withdraw its support unless he turned over the government peaceably. President Eisenhower blamed everything on Rhee. He said Communists weren't involved.

During his subsequent exile in Hawaii, the old man must have mused endlessly about the irony of his fate—the irony of the fate of any political leader who tries to survive an ordeal by chaos in an unsettled country while preserving the good will of the Washington ideologists of popular rule.

There is only one way to survive chaos —by strength.

There is only one way to preserve the good will of the Washington ideologists of popular rule—by letting the people take their chances with chaos.

Somewhere between these two apparently irreconcilable positions is a knife edge of compromise on which few men can balance themselves. Syngman Rhee, the crusty old patriot, couldn't do it.

Whether the United States will find someone who can do it in South Viet Nam is now known. It doesn't even have a Syngman Rhee on the job to make the effort.

'The Respectables'

"If the respectable housewives, workers and businessmen refused to play, the numbers racket could be wiped out."

These are the words of David W. Craig, Pittsburgh's public safety director, as he prepared to intensify a war against racketeers and other criminal elements.

The words aren't new. They have been expressed here and elsewhere time and again.

The big trouble is that there are too many "respectable" housewives, workers and businessmen who get a kick out of numbers and other illicit activities and prefer to "let George do it" when it comes to quitting whatever they know they shouldn't be doing.

The thought continues to be intriguing, however.

What raids and the courts haven't been able to do, "respectable" people could do. In the snap of a finger the "Strip" could become a thing of the past if all the "Georges" would do what they are supposed to do in the interests of law and order.

Well, anyway, we can dream can't we?

A Matter Of Faith

An eager search for evidence that life exists on Mars will continue. It is a matter of faith.

Gemini 4 photographs of the planet's surface may produce no proof that life could exist there. But until proof has been produced that life could not exist on Mars, the possibility that it could and does exist will be explored endlessly.

Scientific searchers will not be looking for little men and women who would be the counterparts of human beings on earth. They will not be looking for Martians but for evidence that any form of life exists on Mars.

If they could find evidence as sparse as the probable existence of a rudimentary form of plant life, the faith that has driven them to continue the inquiry would be justified.

This faith is in contrast with and in opposition to a negative conviction that the earth is the only possessor of life in the polar system, perhaps even in the universe.

This would have to be the ultimate, the climactic, the most colossal of all human conceits—to believe that in the vastness of the solar system of which the earth is a small part and the infinity of universal space only man could comprehend what life is and be looking for evidence of its existence in more than one place.

Be Careful!

The case of the East Rochester woman who was gagged and her home ransacked followed a pattern that is becoming more and more familiar.

Under one pretense or another, those planning to perpetrate a crime gain entrance to a home through what appears to be a legitimate business enterprise. Once inside, however, their legitimacy vanishes in a hurry.

Women who are at home alone should be extremely cautious.

10-1 Against A Settlement

Steel Magazine's belief that the odds against amicable settlement of a new industrial contract in the steel industry are 10-1 strikes a somber note in sweet harmonizing about continued high employment and productivity.

Negotiators for the 11 major steel companies and the United Steel Workers reached agreement in Pittsburgh last April 26 on an 11½-cent-an-hour wage increase to be put in escrow while contract negotiations were continued past the contract expiration date of May 1.

Under the agreement, both sides would have the right on Aug. 1 to give 30 days' notice of terminating the agreement.

This meant a strike would be possible on Sept. 1.

It meant the steel industry on that date could undergo the agony of another strike if after months-long negotiations to avert a disaster its union negotiators could see their way clear to do nothing else.

It meant that the specter of that record-breaking strike of 1959 would stalk the nation again, unless negotiators in this key industry had found a way in the meantime to avert the disaster of a shutdown in this key industry.

Hopes are still high that a way can be found.

Workers in the steel industry and their families, key management figures, suppliers, tradesmen in steel towns, customers who must depend on an assured supply of steel, political leaders who must cope with the consequences of labor disturbances—all of these abhor the tragedy of strikes that could be averted.

But there it is—the prospect of an Aug. 1 warning and a Sept. 1 strike in the steel industry — the prospect that this great basic industry may have to go to government again for a decision to keep it from doing what no one with a sense of responsibility really wants to do and what the U.S. government cannot permit it to do.

Rumors About Rusk

By James Marlow

WASHINGTON

Can you remember anything Secretary of State Dean Rusk ever said except for that "eyeball to eyeball" bit about the Cuban missile crisis?

Probably not. And that in itself is one of the best commentaries on how he runs his job. He is one of the most anonymous secretaries of state this country ever had. He wants it that way.

Nevertheless, for a man who says so little memorable or controversial, it's odd how rumors keep popping up that President Johnson, who inherited him from President John F. Kennedy, is going to replace him.

There was one after Johnson won the presidency on his own in the 1964 election. There were rumors after that. There was one last week. There was another, coming out of Congress, Monday.

This one had Johnson appointing Rusk U.S. ambassador to the United Nations to succeed the late Adlai E. Stevenson.

That was dispelled today when Johnson appointed Arthur Goldberg to the post.

Last week, the day before Stevenson died, Johnson was asked about the rumor going around then that he planned to get rid of Rusk. The President told the questioner:

"I think you do a great damage and a great disservice to one of the most able and most competent and most dedicated men I have ever known, Secretary Rusk. He sits to my right in the Cabinet room. He ranks first in Cabinet and he ranks first with me."

On the face of it that would seem the best piece of job insurance Rusk could get. Monday's rumor had Secretary of Defense Robert S. McNamara succeeding Rusk if Rusk took Stevenson's place.

But Johnson seems immensely pleased with both men in the jobs they have. Only three weeks after taking office in 1963 Johnson said of McNamara:

This country never had an "abler or more dedicated secretary of defense and I have known them all." At another time Johnson said McNamara "represents the very best in America."

Since Rusk and McNamara get along, there's no apparent rivalry or bickering between them but there is a difference.

McNamra, highly aggressive, has antagonized some members of Congress, especially in wanting to save money by shutting down government installations in some congressional districts.

His self-assurance irks some people, too. He says that when Kennedy gave him the defense job he chose an "active role providing aggressive leadership" and it "represents my own philosophy of management."

He is an acknowledged whiz on facts, figures and managing the whole defense set-up. It's a lot more difficult to make an appraisal of Rusk. Highly intelligent, amazingly self-effacing, he almost always says the usual.

His best-remembered statement came in talking about the head-on American-Russian showdown over Cuban missiles in 1962. Rusk said the two countries were "eyeball to eyeball and I think the other fellow blinked."

A Look At The Power Of The FCC

By DAVID LAWRENCE

David Lawrence

Television commercials are "too loud" and should be toned down — at least this is the ruling just decreed by the Federal Communications Commission. Authority for this action presumably has been derived from an interpretation of the communications law which bestows on the commission the right to issue or withhold licenses of television and radio stations on the basis of "public interest, convenience and necessity."

Maybe the loud noises do disturb the "convenience" of the listeners, but, if this is to become a matter of federal control hereafter, there are other kinds of noises and other kinds of "commercials" which perhaps shouldn't be overlooked.

There are persons, for instance — some of them advanced in years — who don't like to listen to jazz or "rock'n roll" and would prefer more symphonies or the melodies of composers like Victor Herbert.

There's a "civil right" which any citizen still can exercise when the music is too loud, whether in the commercials or elsewhere in the programs — right to turn off the radio or television and listen to phonograph records.

The real trouble is not with the loud commercials on television or radio but with the free commercials. This is an inconvenience that the Federal Communications Commission has been reluctant to deal with effectively, for this concerns the delicate domain of politics. Thus, scarcely a week goes by that the President doesn't "preempt" time on the nationwide networks or television and radio to make statements or talks that have political overtones.

THESE OVERTONES may not always be loud enough to be heard or understood but plenty of sophisticated listeners today can immediately recognize the political significance.

It's true that the newspapers often print in full or condense what the President says, but they do this on a news basis—they do not hesitate at times to omit the palaver that is plainly political. Again, the individual can pass up the newspaper account of a speech or turn off the radio or television but the fact remains that the President is given almost unlimited opportunity to broadcast his political commercials, without a cent being paid for the privilege by any political party.

Many members of Congress frequently are permitted to go on the air to boast about their party's achievements and, generally speaking, there is an attempt by the broadcasting stations to give the minority a voice. The law specifies that equal time must be granted to all legally qualified candidates for a public office during a political campaign But should any political leader, including the president, either during a campaign or between campaigns, be given the television and radio facilities of the nation for his "commercials" without similar time being made available for prominent personalities on the other side? The two minority leaders of Congress often hold press conferences, but these seldom are on nationwide television and radio networks.

MAYBE there should be no intrusion at all by the federal government, and the decision as to what to present to the public — whether in free "commercials" or otherwise — should be left to private enterprise, as is the case with newspapers and periodicals.

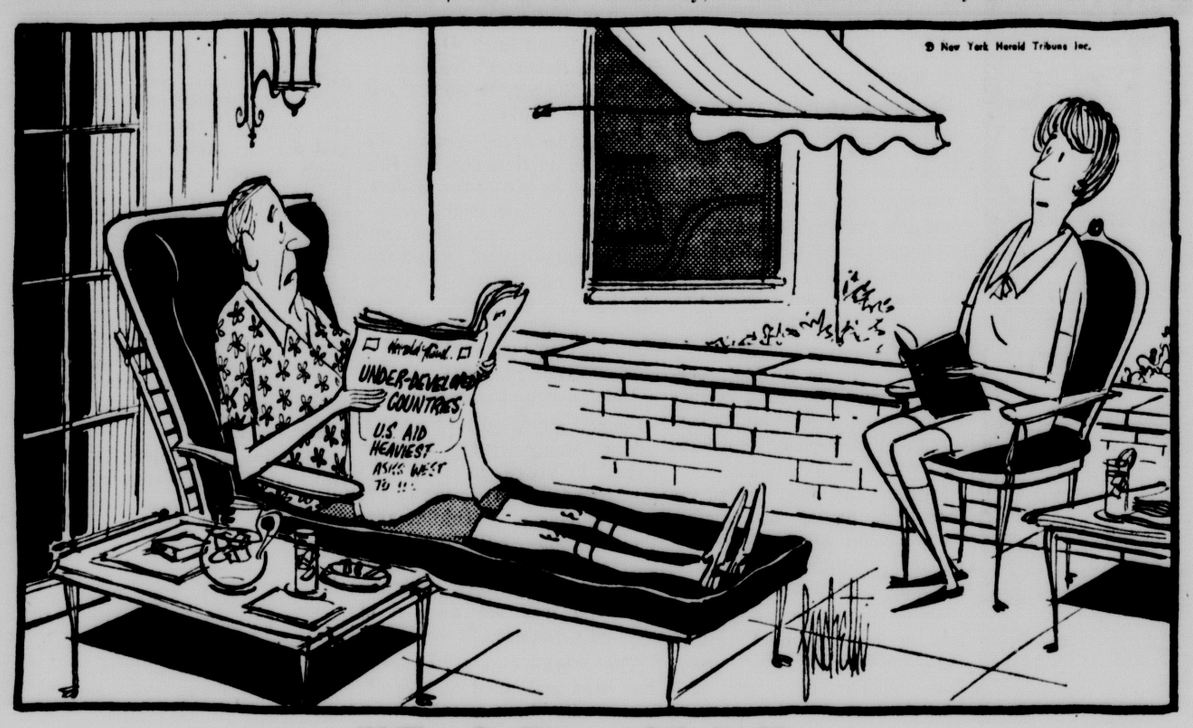
Strictly speaking, radio and television are part of the press, and the Constitution prohibits Congress from making any law abridging the "freedom of the press" to publish or broadcast what it pleases.

Unfortunately, some decisions of the Supreme Court of the United States have not adhered to this principle and have interpreted the governmental power to issue licenses for radio or television stations as a right virtually to censor what is said.

Though the word "censorship" is disavowed, of course, a station that doesn't obey can lose its license. Who would suggest that in free America an agency of the federal government could undertake to tell any newspaper that its front-page headlines are too big?

THIS IS COMPARABLE to a warning to radio and television stations that some of the announcers or cartoon characters in "commercials" either talk too much or too loudly or that the sound effects are not pleasing to the ears of the governmental censor.

If the music or the talk is too loud on commercials or anything else on the air, certainly the public can protest directly to the radio and television stations, and it's the broadcasters' business — not the government's — to decide whether they want to attract or drive away audiences.



'If They Do Discover Life On Mars It'll Probably Be Under Developed'

Immunity Statutes Are Advocated

Today's substitute columnist for Victor Riesel is Herbert J. Miller, until recently director of the Criminal Division of the Department of Justice.

By HERBERT J. MILLER

We can assume that the most sacred duty of government is to guarantee to those who comprise it those rights which are the foundation of a free society. Freedom of worship, freedom of speech and the freedom to vote one's choice in an honest election are considered by most to be the bedrock upon which this republic is bottomed.

Two additional rights, however, which are just as basic and which are in daily conflict, are first, the right to be free from governmental oppression and, secondly, the right of a citizen to governmental protection from the depredations of the lawless against his person and property. Every reasonable precaution must be taken in the interest of both of these basic rights to assure that neither is unduly or unfairly subordinated.

If this balance is not achieved, the innocent will suffer and the citizens of this country will live the antithesis of freedom and liberty.

IF A LATTER DAY Peter Zenger faces incarceration because his printed opinion was circulated for all to read to the discomfiture and rage of government hierarchy, we have lost part of the heritage that the founders of this government sought to guarantee to all of us.

If one of us is imprisoned on charges fostered by a governmental official who finds it politically expedient to remove an individual from a position in which he can criticize the government, we have no different result.

The very thought of such governmental interference causes a visceral reaction of antagonism and outrage—as well it should, for this is our very heritage that is being subverted. This revulsion from these acts is primarily caused by the fact that they are actions by the government or, more properly, the acts of individuals cloaked with governmental power. These acts, in other words, make it "an unfair fight."

But, how do most people react when the same type of depredation and deprivation of rights is visited upon a citizen by a single thug or a group of individual criminals acting in concert rather than by the government?

THE REACTION is one of instant condemnation and almost immediate concern with other matters. Why is it that this same deprivation of rights can be accomplished by the criminal underworld, and the average person upon hearing even the most gruesome facts has but a fleeting sense of anger? His anger is shortly followed by a sense of relief that he was not the victim.

What makes this even more puzzling is that, in a large measure, it was a governmental omission that permitted this act to take place against an innocent victim. Of course, the government can only use the tools at its disposal in combatting crime.

The real tragedy is that the rights which surround the accused are so impenetrable that the accused is often permitted to roam the streets and commit further crimes. Innocent persons suffer as a result. The government, instead of vigorously protecting the rights of its citizens, thus permits them to be trampled.

In one area of criminality, organized crime, the protective rights surrounding the individual demonstrably and seriously handicap law enforcement.

Since Joe Valachi publicly broke with his organization, the Cosa Nostra, most people will concede the existence of that organization. It's an organization which is dedicated to criminal conduct, to killings, extortions and robberies, in order that its members may live an affluent life on the work product of law abiding citizens.

The dismal part of the Valachi revelations is that the organization has existed and operated in this country for many years, and still is very much alive.

THE EXISTENCE of a secret criminal organization for such a long period of time can be explained either in terms of the inefficiency of law enforcement or that the individual rights of the members of this criminal conspiracy effectively protect and permit the continuation of the organization.

While this is admittedly an oversimplification, the glaring fact remains that despite all of the efforts of local police forces, the Federal Bureau of Investigation, the Federal Bureau of Narcotics, the Internal Revenue Service and the many other investigative agencies of the federal government, the organization continues to operate.

The continuation of this criminal conspiracy is a forceful argument that law enforcement operating under present rules, decisions and statutes is unable to eradicate the problem.

The glib answer, that it is better that a hundred go free rather than that one innocent person be convicted, solves nothing. An equally glib retort is that the freeing of a guilty person can and has given the freed defendant the opportunity to murder an innocent person.

What is the result? The government, by freeing the guilty, has permitted the defendant not merely to imprison but take the life of an innocent person. The continued operation of this criminal syndicate is a tacit admission that the rights of the victims of that organization have been subordinated to the rights of those accused of committing the crime. The very existence of the organization would seem to prove that much.

BUT MUCH can be done to restore the balance of rights so that officers of the law will be in a position to fulfill their prime duty—protection of the innocent. One is for Congress to enact statutes recently proposed by the Department of Justice that will enable the prosecutor to give immunity from prosecution to those who give evidence of a crime. Refusal to testify after being given immunity could result in a prison term.

It's only with immunity statutes that the underlings of the Cosa Nostra can be compelled to testify concerning this criminal conduct of the higher-ups in the syndicate. Now such individuals invoke their right not to testify under the Fifth Amendment—which they have a right to do. But once given immunity from prosecution, those Fifth Amendment rights cannot be used as a basis for not testifying.

ONLY WITH this additional legislation can law enforcement have any real hope of breaking the solid code of silence which cloaks criminal conduct of the most brutal and sadistic nature. Surely government must take this minimal step to protect future innocent victims of criminal greed. Only with additional legislation can this blight on our democracy be eliminated.

Judge Learned Hand once said, "The protection of the individual from oppression and abuse by the police and other enforcing officers is indeed a major interest in a free society; but so is the effective prosecution of crime, an interest which at times seems to be forgotten."

The 'Thump Test'

The "thump test" for watermelons is almost as obsolete as the automobile crank.

Back in Model T days, any self-respecting father could crank the family car and thump a picnic watermelon with equal skill. A solid plunk indicated a ripe melon; a plink meant the fruit was unripe.

Nowadays, most watermelons are sold in cut pieces, and it's clear to even a child whether they are ripe. Besides, plunk versus plink isn't infallible. The test doesn't work on naturally hollow or crisp melons.

Though they don't thump much anymore, American fathers still buy a lot of watermelons. About three billion pounds —worth some $45 million — are sold every year, the National Geographic Society says.

Currently, the most popular variety is a long, light - green melon called the Charleston Grey. Plant breeders are still working on small, refrigerator-size melons and have even developed, of all things, a seedless watermelon.

Though watermelon seems as typically American as apple pie, it is popular the world over. Its culture started in ancient times. Egyptian art shows that this giant member of the cucumber clan grew in the Nile Valley thousands of years ago.

The long and general culture of the watermelon from North Africa to middle Asia led to the belief that it was of Asiatic origin, though no wild varieties had been detected there or anywhere else.

Knife Edge Of Compromise

No one ever questioned the patriotism of Syngman Rhee, the Korean whose lifelong campaign for independence finally bore fruit in the autumn of his long lifetime.

He was 90 when he died in Hawaii, an exile from his beloved land. He was 85 when pressure from the United States and his own people forced him to resign as president of Korea in 1960. It is helpful to remember, in the light of U.S. involvement in another Asiatic struggle, some of the circumstances of Rhee's resignation.

The United States had warned the old man repeatedly that his image as the "father of his country" did not give him a license to be its dictator.

When he finally was forced out by widespread protests against his high-handedness, the United States gave him the final push by threatening to withdraw its support unless he turned over the government peaceably. President Eisenhower blamed everything on Rhee. He said Communists weren't involved.

During his subsequent exile in Hawaii, the old man must have mused endlessly about the irony of his fate—the irony of the fate of any political leader who tries to survive an ordeal by chaos in an unsettled country while preserving the good will of the Washington ideologists of popular rule.

There is only one way to survive chaos —by strength.

There is only one way to preserve the good will of the Washington ideologists of popular rule—by letting the people take their chances with chaos.

Somewhere between these two apparently irreconcilable positions is a knife edge of compromise on which few men can balance themselves. Syngman Rhee, the crusty old patriot, couldn't do it.

Whether the United States will find someone who can do it in South Viet Nam is now known. It doesn't even have a Syngman Rhee on the job to make the effort.

'The Respectables'

"If the respectable housewives, workers and businessmen refused to play, the numbers racket could be wiped out."

These are the words of David W. Craig, Pittsburgh's public safety director, as he prepared to intensify a war against racketeers and other criminal elements.

The words aren't new. They have been expressed here and elsewhere time and again.

The big trouble is that there are too many "respectable" housewives, workers and businessmen who get a kick out of numbers and other illicit activities and prefer to "let George do it" when it comes to quitting whatever they know they shouldn't be doing.

The thought continues to be intriguing, however.

What raids and the courts haven't been able to do, "respectable" people could do. In the snap of a finger the "Strip" could become a thing of the past if all the "Georges" would do what they are supposed to do in the interests of law and order.

Well, anyway, we can dream can't we?

A Matter Of Faith

An eager search for evidence that life exists on Mars will continue. It is a matter of faith.

Gemini 4 photographs of the planet's surface may produce no proof that life could exist there. But until proof has been produced that life could not exist on Mars, the possibility that it could and does exist will be explored endlessly.

Scientific searchers will not be looking for little men and women who would be the counterparts of human beings on earth. They will not be looking for Martians but for evidence that any form of life exists on Mars.

If they could find evidence as sparse as the probable existence of a rudimentary form of plant life, the faith that has driven them to continue the inquiry would be justified.

This faith is in contrast with and in opposition to a negative conviction that the earth is the only possessor of life in the polar system, perhaps even in the universe.

This would have to be the ultimate, the climactic, the most colossal of all human conceits—to believe that in the vastness of the solar system of which the earth is a small part and the infinity of universal space only man could comprehend what life is and be looking for evidence of its existence in more than one place.

Be Careful!

The case of the East Rochester woman who was gagged and her home ransacked followed a pattern that is becoming more and more familiar.

Under one pretense or another, those planning to perpetrate a crime gain entrance to a home through what appears to be a legitimate business enterprise. Once inside, however, their legitimacy vanishes in a hurry.

Women who are at home alone should be extremely cautious.

10-1 Against A Settlement

Steel Magazine's belief that the odds against amicable settlement of a new industrial contract in the steel industry are 10-1 strikes a somber note in sweet harmonizing about continued high employment and productivity.

Negotiators for the 11 major steel companies and the United Steel Workers reached agreement in Pittsburgh last April 26 on an 11½-cent-an-hour wage increase to be put in escrow while contract negotiations were continued past the contract expiration date of May 1.

Under the agreement, both sides would have the right on Aug. 1 to give 30 days' notice of terminating the agreement.

This meant a strike would be possible on Sept. 1.

It meant the steel industry on that date could undergo the agony of another strike if after months-long negotiations to avert a disaster its union negotiators could see their way clear to do nothing else.

It meant that the specter of that record-breaking strike of 1959 would stalk the nation again, unless negotiators in this key industry had found a way in the meantime to avert the disaster of a shutdown in this key industry.

Hopes are still high that a way can be found.

Workers in the steel industry and their families, key management figures, suppliers, tradesmen in steel towns, customers who must depend on an assured supply of steel, political leaders who must cope with the consequences of labor disturbances—all of these abhor the tragedy of strikes that could be averted.

But there it is—the prospect of an Aug. 1 warning and a Sept. 1 strike in the steel industry — the prospect that this great basic industry may have to go to government again for a decision to keep it from doing what no one with a sense of responsibility really wants to do and what the U.S. government cannot permit it to do.

Judge Learned Hand once said, "The protection of the individual from oppression and abuse by the police and other enforcing officers is indeed a major interest in a free society; but so is the effective prosecution of crime, an interest which at times seems to be forgotten."

The 'Thump Test'

The "thump test" for watermelons is almost as obsolete as the automobile crank.

Back in Model T days, any self-respecting father could crank the family car and thump a picnic watermelon with equal skill. A solid plunk indicated a ripe melon; a plink meant the fruit was unripe.

Nowadays, most watermelons are sold in cut pieces, and it's clear to even a child whether they are ripe. Besides, plunk versus plink isn't infallible. The test doesn't work on naturally hollow or crisp melons.

Though they don't thump much anymore, American fathers still buy a lot of watermelons. About three billion pounds —worth some $45 million — are sold every year, the National Geographic Society says.

Currently, the most popular variety is a long, light - green melon called the Charleston Grey. Plant breeders are still working on small, refrigerator-size melons and have even developed, of all things, a seedless watermelon.

Though watermelon seems as typically American as apple pie, it is popular the world over. Its culture started in ancient times. Egyptian art shows that this giant member of the cucumber clan grew in the Nile Valley thousands of years ago.

The long and general culture of the watermelon from North Africa to middle Asia led to the belief that it was of Asiatic origin, though no wild varieties had been detected there or anywhere else.

A Confused Hal Boyle Returns

Hal Boyle has returned from an assignment to Viet Nam This is his sign-off column from the war zone.

By HAL BOYLE

SAIGON, South Viet Nam (AP) — There is a time to stay and a time to go, and my time to leave South Viet Nam has come.

At least for now. The way the war is going, however, none can say how many who have served here for a while may be summoned to come again.

For this is the war nobody really knows. Most of us see only fragments of it — even those in high places on both sides — and can only guess what final pattern will emerge.

But it is clear that many more American tears and much more American blood will be shed before the situation is ended by a political agreement or a battlefield conclusion.

We are no longer a referee or an umpire in a foreign civil struggle. We are no longer merely advisers. We are no longer simply pocketbook supporters of the side we favor. We are military participants, and will become so in fuller measure.

Now we must supply more than cash. Now we must provide both backbone and muscle if we propose to continue here. And it would help the situation if we were to realize this fully ourselves.

It is easier to be an authority on the war in Viet Nam if you have never been here, or if you have been here 50 hours, than if you have been here 50 days or, probably, 50 months. It is easier to have hard and clear views as to how it can be settled.

The longer you stay here the more difficult it is to be sure you understand what really is going on, or whether any solution offered is the right and satisfactory one.

Here are a few of the confusing things you run into in this most bewildering of wars:

The land is lovely, but it is studded with millions of hidden bamboo and steel spike traps that will rip an unwary foot through the bone.

The people seem, on the whole, friendly to the American outsider. But a cousin of the smiling little boy you pat on the head this morning may blow up your billet tonight.

There are no fixed lines as in previous wars. The enemy is before you, beside you, and behind you. There is no absolute test to tell friend from foe.

Our side holds the big cities; their side holds most of the countryside. But they have fifth columns in every city, and we are trying to infiltrate the land areas they run.

Our side has all the necessary big weapons to win an orthodox war — from aircraft carriers to self-propelled guns. But they know better how and where and when to ambush us than we seem to know how, where and when to ambush them.

The more Viet Cong we kill, the more of them come into the fight.

Some hold the war can never be won the battlefield by either side, and that the only answer to military stalemate is diplomatic bargaining

Some hold that diplomatic compromise would only postpone the issue. They feel that after a pause of a few months or years the Viet Cong would take over political power they have been unable so far to achieve by ambush.

This, in summary, is the present state of the war nobody knows the outcome of.

But it is obvious that we can no longer win it with a checkbook alone. As scores of thousands more U.S. troops make the long journey to Viet Nam, what they do there will bring home to us all the deepening price we must pay if we are to achieve our purpose in this mixed-up land.

Bids Cleared On Surfacing

Council approved legislation Monday night authorizing Safety-Service Director Robert E. Vodrey to call for contractors' bids for the annual summer low-cost street surfacing program.

A resolution was approved unanimously authorizing Vodrey to contract for surfacing of 12,000 square yards of streets. In addition, he was empowered to contract for seal - coating of 55,000 square yards of streets which were given the first coat of the low-cost surfacing in the summer of 1963.

The seal-coating will be done without cost to the property owners. In the first - round surfacing, householders will pay half the cost, with the city paying the other 50 per cent, also paying for surfacing of any intersections. Funds will be taken out of income tax revenues.

Petitions were received before the deadline Thursday for surfacing of stretches of nine streets. However, Council asked Vodrey last night to continue to accept petitions until the contract is let for the work.

As a companion to the authorization for bids, Council appropriated an additional $2,000 for the street program, raising the total available to $12,000. Vodrey remarked that estimates assume the program will cost $14,000, so the available funds may be $2,000 short.

Council then approved an informal motion in which it directed Vodrey to proceed with the surfacing program, despite the fact all the required funds may not be available. Vodrey was instructed to notify Council if the cost exceeds the amount available, so that more money can be provided.

The appropriation measure also allocated an additional $500 to clear the way for purchase of a tractor and a cutter bar for cutting weeds and grass along streets, including the Freeway interchange area. The $500 will supplement a prior allocation of $3,000 and allow the city to accept a $3,500 offer received on the equipment about two weeks ago.

Council also provided $700 for work on baseball fields and $100 for incidental expenses of the Municipal Civil Service Commission.

Man Caught Under Car 12 Others Are Treated

A district man caught under an auto on which he was working and a Smiths Ferry area boy hurt in a fall from a tree were admitted Monday to City Hospital, where 11 other area residents were treated after separate mishaps.

George Sprout, 47, of Coolidge Ave. was in "fair" condition with lacerations and abrasions of the forehead received when a jack slipped on an auto while he was working beneath it. He was pinned for about 10 minutes in the driveway at his home.

His wife and a passing neighbor helped free Sprout, a pottery worker who does repair work at the home.

Delbert Pridemore, son of Kenneth Pridemore of Smiths Ferry R.D. 1, was in "fair" condition with a fracture of the left wrist suffered in a fall from a tree.

Clarence McNutt of Salineville R.D. 3, an employe of a Brush Creek area coal firm, was treated for flash burns of the eyes suffered from welding equipment at work.

Knocked down by another baseball player in a game, Jack Green, 549 California Ave., Chester, suffered a sprained back.

Mark Brick, son of Gordon Brick of Fisher Park, received injuries of the left arm, a cut lip and abrasions of the knees and forehead in a bicycle mishap.

James Pruett, son of Mrs. Mildred Pruett of Negley R.D. 1, suffered bruises of the right hand and wrist when his arm caught in a wringer.

Charles Crane of 422 N. Market St., Lisbon, received a cut on the forehead when struck by a handle at work.

William Pepin of 711 Campbell Rd., Wellsville, stepped on a nail in a barnyard, suffering a puncture wound of the foot.

Randy Stewart, son of Ottis Stewart of McCoy Ave., was treated after his foot was cut on a piece of glass.

In a fall from a bicycle, Jeffrey Todd, son of William Todd of 344 W. 6th St., suffered a fractured right arm.

Ted Davis of 919 Lisbon St. injured his left shoulder at work at a car wash.

Jeff Livolsi, son of Mrs. Joyce Livolsi of 903 Center St., Wellsville, fell on a potted plant, receiving a cut scalp.

Tom Anderson of 130 Haywood St., city street department worker, was treated yesterday morning for an injury of the leg after a railroad tie fell while he was loading ties onto a truck.

Legion Post Gets Convention Data

A report on the state convention at Cleveland was presented by Ray Cunningham, commander, at a meeting of American Legion Post 4 Monday night at the Siff Building.

He announced there will be an increase in department dues effective Jan. 1, 1966.

The post received a citation from national headquarters and the state department for its child welfare program the past year. Cited were Dave Sakol, post Americanism chairman, and his assistants, Stan McKeever and R. Warrick Johnson. The citation was primarily for the program aimed to curb child molesting conducted in cooperation with the FBI and school administration.

H. Judson English was a guest. He discussed various improvements being made locally and said East Liverpool stands to attract a large tourist trade in the near future.

Clarence Crable, a post delegate, reviewed his experiences during at Buckeye Boys State at Ohio University, Athens.

Lunch and refreshments were served. The post will meet again next Monday night.

Rights Forces Step Up Tests On Accommodation

BOGALUSA, La. (AP) — Civil rights forces step up public accommodation tests, picketing and a march today following Justice Department action with suits to halt police officials and the Ku Klux Klan from interfering with demonstrators.

A. Z. Young, president of the Bogalusa Voters League, told a rally Monday night of the plans for widescale public accommodation tests and demonstrations.

He said that Asst. U.S. Atty. Gen. John Doar, on a peacemaking mission to the racially torn town, "had brought something to town that we had lost."

Young said, "We had lost confidence in the federal government and the FBI.

"At one time, we thought anything could be solved by the FBI. But these Kluxers in Bogalusa were so strong that they had the FBI eating out of their hands."

Young did not elaborate after making the comment at the mass rally.

Doar, who heads the civil rights division of the Justice Department, filed suits in U.S. District Court at New Orleans Monday to halt city police officials and the KKK from interfering with civil rights demonstrators.

He also asked that Public Safety Commissioner Arnold Spiers and Police Chief Claxton Knight be held in contempt. Doar was on hand Saturday when white bystanders attacked a group of biracial pickets outside a shopping center about a block from the City Hall. There were no city police on duty there.

Doar said Spiers and Knight had failed to provide reasonable protection for civil rights workers under an injunction issued July 10 by U.S. Dist. Judge Herbert Christenberry in New Orleans.

In Jonesboro, another papermill town, upstate from Bogalusa, Police Chief Adrian Peevey quit the six-man department.

The Congress of Racial Equality has been pressing civil rights demands in the northwest Louisiana community. Negroes picketed a store Monday.

In neighboring Mississippi, Richard Holmes, 21, a Starkville Negro, enrolled at Mississippi State University without incident. He is the first member of his race to attend the school.

In New Orleans, Doar also asked for an injunction to halt Klansmen from "assaulting, threatening, harassing, interfering with or intimidating. . .any Negro in the exercise of his rights in Washington Parish."

His complaint named three Klansmen of the original Knights of the KKK and said the Disabled American Veterans Hall outside Bogalusa was the chief gathering place for the Klan.

Spiers and Knight pledged shortly after the suits were filed in federal court that the law would be upheld.

In Doar's complaint against the two officials, five affidavits were filed by civil rights workers alleging beatings and harassment.

Doar filed other suits seeking to have three restaurants and a service station serve Negro patrons.

In a march Monday Ayt. Police Chief L. C. Terrell turned the group around when he told them state law prohibited demonstrations while city court was in session.

Earlier, a Negro picket complained to police that an unidentified white man slugged him. He said the man disappeared in a store.

For an epicurean breakfast dish, serve French pancakes with maple syrup mixed with a little brandy.

Under Capital Improvements

Northern Ohio Scheduled For Two New State Parks

COLUMBUS, Ohio (AP) — Northern Ohio will get two new state parks and possibly a third under $61 million worth of capital improvements for recreation scheduled for the next two years by the Natural Resources Department.

The plans were announced Monday.

The new parks will be at Geneva-on-the-Lake in Ashtabula in Ashtabula County and at West Branch Reservoir, east of Ravenna, in Portage County.

A third park is being considered for the Tinkers Creek area of Cuyahoga, Summit and Portage counties.

Officials have allocated $1.4 million for acquisition of land at Geneva-on-the-Lake, and the first court action to obtain 500 acres of land for the park has begun. It involves 326 acres of lakefront property owned by Geneva Point, Inc., which has rejected the state's offer of $645,000.

Some $1.25 million has been earmarked by the department for land for the West Branch park.

There has been no appropriation for work on the Tinkers Creek park, but if it is decided to go ahead with the park, there is $1.7 million in general land acquisition funds which could be made available.

Other projects scheduled include:

$650,000 worth of improvements to Headlands State Park in Lake County.

$1.3 million in improvements at Punderson State Park in Geauga County.

$2.9 million for land acquisition and improvements at East Harbor State Park.

$1.1 million for land acquisition and improvements at Pymatuning State Park.

320,000 for land acquisition and development at Portage Lakes State Park.

$850,000 for land acquisition and additional facilities at Mosquito Lake.

Driver Cited After Mishap Hurting Trio

A 19-year-old area driver was cited after his car collided almost head-on with another on old Route 30 in California Hollow Monday night, injuring the two drivers and a passenger.

John Schmitt Jr. of Cannons Mills Rd. was charged with driving left of center by the Ohio Highway Patrol at Lisbon following the mishap at 10:20 p.m., a third of a mile north of the city limits.

Schmitt was headed north when his 1965 coach went over the center line and rammed an approaching 1959 coach driven by Chester R. Stoddard, 45, of 637½ St. Clair Ave.

Schmitt was treated at City Hospital for abrasions and bruises of the forehead and right hand. Stoddard was treated for bruises and cuts of the forehead.

Lawrence Stittler, 18, of R.D. 2, a passenger in Schmitt's car, received lacerations of the upper legs.

State Convention Reports Given To Wellsville Legion

Delegates reported on the state convention at Cleveland during a meeting of Wellsville American Legion Post 70 Monday night.

Sam Maylone, commander, announced the new department officers. Resolutions of the convention were reviewed and discussed.

Charles McLain and James Prindible were accepted as new members. Plans were made for the ball team to play the Higgs Inn team next Sunday at the DAV Home at West Point.

Daun Gitschier, second vice commander, said he and his committee will meet with the Auxiliary to set the time and place for a family picnic.

Northern Ohio Scheduled For Two New State Parks

COLUMBUS, Ohio (AP) — Northern Ohio will get two new state parks and possibly a third under $61 million worth of capital improvements for recreation scheduled for the next two years by the Natural Resources Department.

The plans were announced Monday.

The new parks will be at Geneva-on-the-Lake in Ashtabula in Ashtabula County and at West Branch Reservoir, east of Ravenna, in Portage County.

A third park is being considered for the Tinkers Creek area of Cuyahoga, Summit and Portage counties.

Officials have allocated $1.4 million for acquisition of land at Geneva-on-the-Lake, and the first court action to obtain 500 acres of land for the park has begun. It involves 326 acres of lakefront property owned by Geneva Point, Inc., which has rejected the state's offer of $645,000.

Some $1.25 million has been earmarked by the department for land for the West Branch park.

There has been no appropriation for work on the Tinkers Creek park, but if it is decided to go ahead with the park, there is $1.7 million in general land acquisition funds which could be made available.

Other projects scheduled include:

$650,000 worth of improvements to Headlands State Park in Lake County.

$1.3 million in improvements at Punderson State Park in Geauga County.

$2.9 million for land acquisition and improvements at East Harbor State Park.

$1.1 million for land acquisition and improvements at Pymatuning State Park.

320,000 for land acquisition and development at Portage Lakes State Park.

$850,000 for land acquisition and additional facilities at Mosquito Lake.

State Convention Reports Given To Wellsville Legion

Delegates reported on the state convention at Cleveland during a meeting of Wellsville American Legion Post 70 Monday night.

Sam Maylone, commander, announced the new department officers. Resolutions of the convention were reviewed and discussed.

Charles McLain and James Prindible were accepted as new members. Plans were made for the ball team to play the Higgs Inn team next Sunday at the DAV Home at West Point.

Daun Gitschier, second vice commander, said he and his committee will meet with the Auxiliary to set the time and place for a family picnic.

Driver Cited After Mishap Hurting Trio

A 19-year-old area driver was cited after his car collided almost head-on with another on old Route 30 in California Hollow Monday night, injuring the two drivers and a passenger.

John Schmitt Jr. of Cannons Mills Rd. was charged with driving left of center by the Ohio Highway Patrol at Lisbon following the mishap at 10:20 p.m., a third of a mile north of the city limits.

Schmitt was headed north when his 1965 coach went over the center line and rammed an approaching 1959 coach driven by Chester R. Stoddard, 45, of 637½ St. Clair Ave.

Schmitt was treated at City Hospital for abrasions and bruises of the forehead and right hand. Stoddard was treated for bruises and cuts of the forehead.

Lawrence Stittler, 18, of R.D. 2, a passenger in Schmitt's car, received lacerations of the upper legs.

Cindy Nudges Council Again On Shadyside

Pushing ahead with her own private campaign for improvement of Shadyside Ave., little Cindy Deshler of Radio Heights nudged Council Monday night to find out just where plans stand for the project.

Speaking in a tiny voice that was barely audible, the youngster addressed Council personally under the section of the meeting reserved for remarks from citizens. She was accompanied by her father, Charles Deshler, but he remained silent.

Cindy asked Council the status of the plans for the long-sought project, touching off an exchange between the members and Safety - Service Director Robert E. Vodrey.

Councilman Norman Bucher said Engineer George Bloomgren was asked by Council to draw plans for improvement of the narrow thoroughfare. When the plans are complete, the city will renew its requests for county aid on the project, he said, adding that he believes the plans are nearly complete.

But Vodrey said it was his understanding after a meeting with county commissioners that the county engineer's office was to prepare the plans.

Councilman Floyd Murray said he recalled that when Council met with the commissioners they suggested that Bloomgren draw the plans.

Then the director was instructed to confer with both Bloomgren and County Engineer John Ursu to determine the status of the plans.

On several occasions, Shadyside residents have sought widening and resurfacing of the street. They contend there is no walk way for pedestrians and the pavement is so narrow that school buses cannot pass with safety.

"I feel this project should be started as soon as possible," Councilman William Davis said. "School will be opening soon and we will have a repetition of the problem of school buses not being able to pass safely."

A few months ago, Cindy wrote to President Johnson about improvement of the street. She also nudged the State Highway Department to find what could be done.

In response to a query today, Bloomgren said he proceeded on instructions from Council several months ago to draw tentative plans for improvement of Shadyside Ave. and then discussed them with the director.

Vodrey scheduled a meeting with the Council street committee on a Saturday morning in early May for discussion of the plans, but none of the members of the committee appeared, Bloomgren said. He said he will be "glad to meet with the committee at any time" on the plans.

E. 4th St. Crash Damages 2 Cars

Two autos were damaged in a mishap on E. 4th St., just east of Broadway, this morning at 8:15, police reported.

The collision involved a halted 1960 station wagon driven by Miss Frances Savage, 17, of 1002 Avondale St. and a backing 1954 sedan operated by Larry Lee Davis, 18, of Route 30, officers said. There was damage to the front of the Savage auto and the left rear fender of the Davis car, police said.

Miss Savage said she halted to allow Davis room to maneuver into a parking spot. In backing his auto, Davis struck the Savage auto, she said.

Meanwhile, a 1963 sedan owned by Dennie L. Singer, 917 Montgomery Ave., drifted in a parking space on Walnut St. near E. 5th St. at 9:23 a. m. today and hit a parked 1964 model truck owned by James J. White of the Y. & O. Rd., doing business as Columbiana County Refuse Disposal, officers said. There was damage to the hood of the car, but the truck was undamaged, officers said.

Automatic Meters Specified For City's New Parking Site

In another facet of a long - standing Council - administration argument over purchase of new parking meters, Council approved a motion Monday night for presentation of legislation at its next meeting Aug. 16 calling for purchase of automatic meters for a new off-street parking lot on W. 5th St. near Jackson St.

The motion to specify the automatic type, as opposed to the manual style, was made in a caucus session by Councilman Floyd Murray, seconded by Councilman Donald Hancock.

—:—

THE MOTION apparently referred to metering of the former Hazel Laughlin property on W. 5th St. which the city acquired a few weeks ago, intending to raze two frame dwellings, blacktop the site and install meters.

At the time, the enabling legislation specified that Safety - Service Director Robert E. Vodrey was authorized to contract for razing the buildings, leveling the site, installation of blacktop, purchase of meters and to do anything else necessary for the establishment of parking.

Hancock voted for the ordinance at the time, but said he reserved the right to call for a vote later on an amendment to the clause in the legislation authorizing the meter purchase. He pointed out it did not specify which type of meter was to be used and the administration would be free to buy either an automatic or a manual type.

—:—

THE ARGUMENT over meters dates back for months, centering around a move to buy 409 of the devices for use on the streets. In authorizing the purchase of the 409 meters, Council specified only an automatic type could be considered.

Two rounds of bids on the meters have been opened by Vodrey and Mayor Merrill D. Hall, who comprise the Board of Control, but all offers were rejected on both occasions.

In the first-round bidding, the mayor and director indicated they favored an automatic meter manufactured in Mississippi. They said it could be bought for $2,300 less than a Pittsburgh automatic type preferred by Council. But the Mississippi manufacturer's bid could not be accepted for technical reasons. New bids were sought to give the Mississippi manufacturer a chance to submit an offer meeting the city's specifications.

Then the second round of offers was rejected. At that time, the mayor said he thought the administration should be allowed to consider offers on either automatic or manual types.

—:—

THAT'S WHERE the question stands now. No third call for bids has been issued.

Councilman William Davis, as chairman of the planning committee, commented on the city's plans for purchase of additional sites for off-street lots.

He said he does not favor a proposal to buy property fronting on E. 3rd St. from the former Orthodox Synagogue to Market St. for expansion of the so-called Ceramic Lot, which fronts on E. 4th St. He said he believes the city should accept an offer from W. Leland Thompson, who has proposed to donate the old synagogue property, and also acquire the adjoining piece of property.

Acquiring those two and closing an abutting alley would give the city a tract the size of the present Ceramic Lot without buying the remaining property west to Market St., he said.

"Then we would have money left to buy other lots around town," Davis said. "I feel the lots should be more evenly distributed in various sections of the downtown."

He said he favors acquiring the Michaels property which abuts the present city metered lot opposite City Hall because it includes a big garage building that could be utilized for city equipment. He said he also favors acquiring the Weigel property on W. 6th St. midway between Jackson and Jefferson Sts. But he said he does not favor buying property which fronts on W. 4th St. as an extension of the lot that will be established on W. 5th St. on the former Laughlin property.

Waterford

president of Teamers Local 412 which is involved in the dispute, issued this statement:

"At 4:30 Monday afternoon, President James Edwards of Waterford Park phoned me to say there would be no further negotiations between the teamsters and the race track.

"He said then he had fired 14 people, all of them Teamster members. He had employed several schoolboys to take their place and to take the place of several other track employes, previously discharged ostensibly for union membership.

"Therefore, we began to picket the track at 5 p. m. Monday.

"Most of the track employes refused to cross the picket line and report to work.

"The union pointed that Waterford Park is the only major track in this country that we know of that have not been unionized.

"We last met with Mr. Edwards last Saturday, at which time he agreed to phone Monday afternoon to set a date for further negotiations. His call informed us that he was breaking off negotiations and discharging several Teamster members.

"To protect those track employes who are now members of the teamsters and to persuade Mr. Edwards to bargain in good faith, we called our members from their jobs at the track and established picket lines.

Mariner 4 Continues To Relay Mars Photos

PASADENA, Calif. (AP) — Mariner 4 forged well into the homestretch today in relaying to earth a possible 21 photographs of Mars — pictures of what some scientists believe could be vegetation.

Jet Propulsion Laboratory Director William H Pickering said the rest of the Mars pictures would not be made public for "a matter of weeks" after the last picture has been received next Saturday.

The path of Mariner 4's fly-by past Mars last Wednesday indicated its eighth and subsequent pictures, taken less than 8,000 miles from Mars, might show dark areas which some experts think could be some form of plant life — though one unknown on earth.

Then the director was instructed to confer with both Bloomgren and County Engineer John Ursu to determine the status of the plans.

On several occasions, Shadyside residents have sought widening and resurfacing of the street. They contend there is no walk way for pedestrians and the pavement is so narrow that school buses cannot pass with safety.

"I feel this project should be started as soon as possible," Councilman William Davis said. "School will be opening soon and we will have a repetition of the problem of school buses not being able to pass safely."

A few months ago, Cindy wrote to President Johnson about improvement of the street. She also nudged the State Highway Department to find what could be done.

In response to a query today, Bloomgren said he proceeded on instructions from Council several months ago to draw tentative plans for improvement of Shadyside Ave. and then discussed them with the director.

Vodrey scheduled a meeting with the Council street committee on a Saturday morning in early May for discussion of the plans, but none of the members of the committee appeared, Bloomgren said. He said he will be "glad to meet with the committee at any time" on the plans.

E. 4th St. Crash Damages 2 Cars

Two autos were damaged in a mishap on E. 4th St., just east of Broadway, this morning at 8:15, police reported.

The collision involved a halted 1960 station wagon driven by Miss Frances Savage, 17, of 1002 Avondale St. and a backing 1954 sedan operated by Larry Lee Davis, 18, of Route 30, officers said. There was damage to the front of the Savage auto and the left rear fender of the Davis car, police said.

Miss Savage said she halted to allow Davis room to maneuver into a parking spot. In backing his auto, Davis struck the Savage auto, she said.

Meanwhile, a 1963 sedan owned by Dennie L. Singer, 917 Montgomery Ave., drifted in a parking space on Walnut St. near E. 5th St. at 9:23 a.m. today and hit a parked 1964 model truck owned by James J. White of the Y. & O. Rd., doing business as Columbiana County Refuse Disposal, officers said. There was damage to the hood of the car, but the truck was undamaged, officers said.

Automatic Meters Specified For City's New Parking Site

In another facet of a long - standing Council - administration argument over purchase of new parking meters, Council approved a motion Monday night for presentation of legislation at its next meeting Aug. 16 calling for purchase of automatic meters for a new off-street parking lot on W. 5th St. near Jackson St.

The motion to specify the automatic type, as opposed to the manual style, was made in a caucus session by Councilman Floyd Murray, seconded by Councilman Donald Hancock.

—:—

THE MOTION apparently referred to metering of the former Hazel Laughlin property on W. 5th St. which the city acquired a few weeks ago, intending to raze two frame dwellings, blacktop the site and install meters.

At the time, the enabling legislation specified that Safety - Service Director Robert E. Vodrey was authorized to contract for razing the buildings, leveling the site, installation of blacktop, purchase of meters and to do anything else necessary for the establishment of parking.

Hancock voted for the ordinance at the time, but said he reserved the right to call for a vote later on an amendment to the clause in the legislation authorizing the meter purchase. He pointed out it did not specify which type of meter was to be used and the administration would be free to buy either an automatic or a manual type.

—:—

THE ARGUMENT over meters dates back for months, centering around a move to buy 409 of the devices for use on the streets. In authorizing the purchase of the 409 meters, Council specified only an automatic type could be considered.

Two rounds of bids on the meters have been opened by Vodrey and Mayor Merrill D. Hall, who comprise the Board of Control, but all offers were rejected on both occasions.

In the first-round bidding, the mayor and director indicated they favored an automatic meter manufactured in Mississippi. They said it could be bought for $2,300 less than a Pittsburgh automatic type preferred by Council. But the Mississippi manufacturer's bid could not be accepted for technical reasons. New bids were sought to give the Mississippi manufacturer a chance to submit an offer meeting the city's specifications.

Then the second round of offers was rejected. At that time, the mayor said he thought the administration should be allowed to consider offers on either automatic or manual types.

—:—

THAT'S WHERE the question stands now. No third call for bids has been issued.

Councilman William Davis, as chairman of the planning committee, commented on the city's plans for purchase of additional sites for off-street lots.

He said he does not favor a proposal to buy property fronting on E. 3rd St. from the former Orthodox Synagogue to Market St. for expansion of the so-called Ceramic Lot, which fronts on E. 4th St. He said he believes the city should accept an offer from W. Leland Thompson, who has proposed to donate the old synagogue property, and also acquire the adjoining piece of property.

Acquiring those two and closing an abutting alley would give the city a tract the size of the present Ceramic Lot without buying the remaining property west to Market St., he said.

"Then we would have money left to buy other lots around town," Davis said. "I feel the lots should be more evenly distributed in various sections of the downtown."

He said he favors acquiring the Michaels property which abuts the present city metered lot opposite City Hall because it includes a big garage building that could be utilized for city equipment. He said he also favors acquiring the Weigel property on W. 6th St. midway between Jackson and Jefferson Sts. But he said he does not favor buying property which fronts on W. 4th St. as an extension of the lot that will be established on W. 5th St. on the former Laughlin property.

president of Teamers Local 412 which is involved in the dispute, issued this statement:

"At 4:30 Monday afternoon, President James Edwards of Waterford Park phoned me to say there would be no further negotiations between the teamsters and the race track.

"He said then he had fired 14 people, all of them Teamster members. He had employed several schoolboys to take their place and to take the place of several other track employes, previously discharged ostensibly for union membership.

"Therefore, we began to picket the track at 5 p.m. Monday.

"Most of the track employes refused to cross the picket line and report to work.

"The union pointed that Waterford Park is the only major track in this country that we know of that have not been unionized.

"We last met with Mr. Edwards last Saturday, at which time he agreed to phone Monday afternoon to set a date for further negotiations. His call informed us that he was breaking off negotiations and discharging several Teamster members.

"To protect those track employes who are now members of the teamsters and to persuade Mr. Edwards to bargain in good faith, we called our members from their jobs at the track and established picket lines.

Mariner 4 Continues To Relay Mars Photos

PASADENA, Calif. (AP) — Mariner 4 forged well into the homestretch today in relaying to earth a possible 21 photographs of Mars — pictures of what some scientists believe could be vegetation.

Jet Propulsion Laboratory Director William H. Pickering said the rest of the Mars pictures would not be made public for "a matter of weeks" after the last picture has been received next Saturday.

The path of Mariner 4's fly-by past Mars last Wednesday indicated its eighth and subsequent pictures, taken less than 8,000 miles from Mars, might show dark areas which some experts think could be some form of plant life — though one unknown on earth.

Chamber Names 14 As Chairmen

Chairman of 14 standing committees have been named for the Chamber of Commerce as it begins its new fiscal year.

The chairmen were appointed by Alwyn C. Purinton Jr., the new president, and members of the Executive Committee, including George E. Shaw, Sidney C. Porter, W. E. Williams, Robert E. Boyce and Don Eckert.

The committees and their chairmen are: Agriculture and conservation, William F. Porter; banquet and meetings, John Pinney; business relations, Richard Emmerling; civic and community affairs, Arthur Doak; highways, Atty. Francis H. Lang.

Industrial development, Shaw; legislative affairs, S. C. Porter and J. T. Hall; membership, Joseph D. Coons; Merchants Association, Dayton Allen; North Hancock County development, Charles Taylor; public education, C. V. Hughes; safety, Samuel W. Brown; transportation, Alvin T. Babb, and travel and trade promotion, H. J. English.

The Executive Committee also approved four major objectives for the Chamber's new year. They are:

Promote the East Liverpool area.

Stimulate economic growth.

Improve the business climate.

Continue to maintain an active, informed membership.

The Chamber said nine other objectives are related to the four main aims. They are: A positive outlook for the future of the East Liverpool area; improvement of educational opportunities; promoting conservation and development of natural areas; making the area a better shopping center; cooperating with other agencies to attract more tourists.

Cooperation with the Community Improvement Corp. in securing new industry and encouraging expansion of present job-making facilities; cooperation with the local and regional planning commissions for overall community development.

Making the community a safer place in which to live and work, and improving transportation facilities, with better highways and construction of a local airport.

Each member of the Chamber has received a postcard form on which he has been asked to designate his choice for committee service during the new year.

The Chamber requested return of the cards by Friday, Aug. 6. Personnel of the new committees will be announced in the Chamber's next monthly bulletin, which will be published in mid-August.

The Chamber told its members: "You are urged to become active in the work of the Chamber by signing up for one or more of the committees on the attached card and mailing it to the Chamber at Post Office Box 94."

For the first time in its history, the Chamber is beginning a new year in mid-summer.

It now operates on a fiscal year basis that extends from July 1 to June 30.

Members approved a constitutional amendment calling for the change late in 1964. Previously, the Chamber operated on a calendar year basis, with its operations beginning officially on Jan. 1 and ending on Dec. 31.

Changes Set In Tomlinson Water Action

More than 100 were in attendance at a public meeting held Monday night by the Tomlinson Public Service District commissioners to discuss a recent ruling from the West Virginia Public Service Commission regarding the district's request for approval of the planned water system.

The meeting was held at the Pughtown Grange Hall.

Following explanation of the order of the Public Service Commission, the group voted unanimously to ask the residents to agree to an amendment to their water contract.

The amendment would not increase the present rate, but would affect the tap-in fee for new customers at a later date.

Several volunteer residents of the community agreed to contact all customers of the district, asking them to endorse the change in the contract.

Following the meeting it was announced that 68 of approximately 250 contracts had been signed, as amended, and turned in during the meeting.

The balance of the customers will be contacted today and tomorrow, with Wednesday night set as the deadline for all amended contracts.

Contractors for the project said previously they would be prepared to proceed with the work within two weeks following approval of all customer contracts.

The rates, as approved by the Public Service Commission, include a $6.25 minimum rate and a $100 tap fee after the system is in operation.

Note to brides: if you are planning to learn to bake pies, equip your kitchen with a wire pastry blender, a pastry cloth and a stockinet cover for the rolling pin. You'll find the pastry cloth and covered rolling pin will also be a great aid in rolling out cookie dough.

Chamber's Summary

Bright First Half Shown For Area

Business and industry in the East Liverpool area finished the first half of 1965 at levels far ahead of the marks they attained in the first six months of 1964, the Chamber of Commerce reported today in its monthly summary of conditions.

Twelve of 13 indices showed gains in the six months Jan. 1-June 30, compared with their levels at the same time in the preceding year. A comparison of May and June activity in the same lines showed gains in six, drops in five and two unchanged.

"Our business review figures reflect a healthy condition in the area for the first half of 1965," the Chamber commented.

PAYROLLS AT 11 industrial plants totaled $8,128,902 for the first six months of 1965, up 9.8 per cent from the $7,400,394 shown at the same time in 1964. The plants' payrolls hit $1,525,461 in June, a gain of 14.5 per cent from May's $1,332,625. The June figure includes disbursement of some annual vacation payments in the ceramic industry.

Employment at the same plants averaged 3,624 monthly for the first half of 1965, a gain of 0.03 per cent from the 3,612 average shown at the same time last year. The plants had 3,787 on the job in June, virtually unchanged from the 3,786 of May.

New car registrations in Columbiana County hit 2,430 for the first six months of 1965, up 10.7 per cent from the 2,195 shown at the same time last year. They totaled 454 in June, down 6.8 per cent from the 487 in May.

Inbound railroad carloadings totaled 1,433 for the first six months of 1965, a gain of 6.4 per cent from 1,347 listed at the same time in 1964. They reached 269 in June, up 15.5 per cent from the 233 listed in May.

Outbound railroad carloadings hit 2,572 in the first six months of the year, a gain of 9.4 per cent from the 2,350 listed in the same time in 1964. They reached 483 in June, dropping 4.5 per cent from the 506 in May.

District dams locked through 3,013 tows in the first six months of 1965, a gain of 2.5 per cent from the 2,939 rivercraft listed at the same time in 1964. The dams handled 515 tows in June, virtually unchanged from the 514 in May.

The river traffic in the first half represented 10,415,110 tons of cargo, a gain of 5.1 per cent from the 9,913,250 tons at the same time in 1964. June's tonnage hit 1,724,300, a drop of 4.4 per cent from the 1,804,600 listed in May.

Parking meter receipts totaled $32,485 for the first six months of 1965, a gain of 9.5 per cent from the $29,677 listed in the same time in 1964. They reached $6,184 in June, down 15.5 per cent from May's $7,319.

The city's relief case load averaged 59 monthly for the first six months of 1965, dropping 44.9 per cent from the 107 average shown at the same time in 1964. The case load in June was 47, off 22.1 per cent from the 48 listed for May.

Bank clearings totaled $26,237,171 in the first half of 1965, a gain of 27.2 per cent from the $20,632,924 listed at the same time in 1964. They stood at $5,133,213 in June, up 2.9 per cent from the $4,988,232 listed in May.

Bank debits averaged $30,843,060 monthly for the first half of 1965, a gain of 20.3 per cent from the $25,645,802 average shown at the same time in 1964. They hit $35,694,512 in June, a gain of 14.9 per cent from May's $31,071,559.

Postal receipts hit $130,780 for the first six months, up 1.3 per cent from the $129,112 listed for the same time last year. They reached $18,726 in June, down 13.1 per cent from the $21,537 in May.

Sargus

(Continued from Page 1)

FBI at Steubenville, Sarugs secluded his wife and three children.

Sargus brushed off the call as coming from "some kind of a nut." While he refused to say it was linked to the strip mine bill, that is the only major controversial legislation to which his name has been attached.

A heavily - amended House version of the Senate bill has been passed by the House and is expected to come up for concurrence today in the Senate.

A co-sponsor of the bill, Sen. Robin T. Turner, R-Seneca, admitted Monday night he has been threatened with political reprisals for his part in the legislation.

"No one ever said they'd put a bomb in my car," he said. "But I've had phone calls suggesting I get off the bill and that I stay away from committee hearings on it."

He said both Republicans and Democrats in his district — in which there is little if any strip mining — warned him they would work for his defeat at the polls if he continued to co-sponsor the bill.

In other developments Monday, the House completed action on a bill co-sponsored by Sargus which extends from April 1 to April 16 the final date for purchasing auto license tags.

Homecoming Set To Begin

Everything is in readiness for the annual homecoming of the Highlandtown volunteer fire department, which will open Wednesday night and close Saturday.

The community fair will include concessions, games and amusement rides. Also to be featured are old steam engines and a wood shingle machine.

The steam engines will be in operation for viewing by the general public.

Clyde Beatty, Noted Animal Trainer, Dies

VENTURA, Calif. (AP) — "I want people to see me close." Clyde Beatty used to say. "I,ll give them anything. I'll give them everything. But not that one thing...I won't give my life."

And he didn't.

The famed wild-animal trainer, his body criss-crossed with claw and fang marks from 40 years of facing death in the ring, lost his battle Monday to an inner enemy — cancer. He was 61.

Beatty, who was mauled more than 100 times in his career by lions and tigers, lost most of his stomach in an operation in July, 1964. But he resumed his wild animal act last April on Long Island, N.Y., with two and three shows a day.

The next month he suffered a hemorrhage and returned to his home, but refused to announce his retirement, saying "I'll never quit."

He was hospitalized two weeks ago. Only a nurse was with him when he died. His wife Jane had just left, after he seemed to rally.

New Levy Resolution Due In Dispute Over Wording

A resolution to place a 3.5-mill levy on the No. 2 ballot for salary increases for all school personnel was stricken from the records by the Board of Education Monday night after members disagreed with the wording.

The board indicated a new resolution will be drawn up and presented at another meeting. The objection was strictly on the wording, not on the issue of whether or not the levy should be on the ballot.

The original resolution was adopted at the July 6 meeting. Miss Kathryn Liebschner, clerk, informed the board that City Solicitor Joseph W. Cooper suggested the levy be placed on the ballot for "current expenses" in order to allow it to be voted for an indefinite period of time under a new Ohio law.

The solicitor said the money derived from the levy could be designated by the board in its minutes for salaries, Supt. Paul Blair explained. If it is worded as being for salaries, it will have to be for a definite period of years, Blair continued. He said this was the recommendation of the Solicitor and Frank R. O'Hanlon, clerk of the Columbiana County Board of Election.

Both John R. Woomer and Richard Smith objected to the wording and indicated they would not accept the minutes with the resolution reading in this manner. Postmaster Samuel Brown, another board member, said he feels the board fears a new board could come along and rescind the motion on the records, allowing the money to be used for something other than salaries.

Smith also said he feels the voters should be given the chance once in a while to approve or disapprove of levies. Woomer said the public will feel that the levy is being placed on the ballot to provide more money for the new schools.

The board then voted to accept the minutes with the exception of the resolution. Brown commented to two representatives of the East Liverpool Teachers Association that action will be forthcoming on a new resolution.

Sargus

(Continued from Page 1)

FBI at Steubenville, Sarugs secluded his wife and three children.

Sargus brushed off the call as coming from "some kind of a nut." While he refused to say it was linked to the strip mine bill, that is the only major controversial legislation to which his name has been attached.

A heavily - amended House version of the Senate bill has been passed by the House and is expected to come up for concurrence today in the Senate.

A co-sponsor of the bill, Sen. Robin T. Turner, R-Seneca, admitted Monday night he has been threatened with political reprisals for his part in the legislation.

"No one ever said they'd put a bomb in my car," he said. "But I've had phone calls suggesting I get off the bill and that I stay away from committee hearings on it."

He said both Republicans and Democrats in his district — in which there is little if any strip mining — warned him they would work for his defeat at the polls if he continued to co-sponsor the bill.

In other developments Monday, the House completed action on a bill co-sponsored by Sargus which extends from April 1 to April 16 the final date for purchasing auto license tags.

Homecoming Set To Begin

Everything is in readiness for the annual homecoming of the Highlandtown volunteer fire department, which will open Wednesday night and close Saturday.

The community fair will include concessions, games and amusement rides. Also to be featured are old steam engines and a wood shingle machine.

The steam engines will be in operation for viewing by the general public.

Clyde Beatty, Noted Animal Trainer, Dies

VENTURA, Calif. (AP) — "I want people to see me close." Clyde Beatty used to say. "I,ll give them anything. I'll give them everything. But not that one thing...I won't give my life."

And he didn't.

The famed wild-animal trainer, his body criss-crossed with claw and fang marks from 40 years of facing death in the ring, lost his battle Monday to an inner enemy — cancer. He was 61.

Beatty, who was mauled more than 100 times in his career by lions and tigers, lost most of his stomach in an operation in July, 1964. But he resumed his wild animal act last April on Long Island, N.Y., with two and three shows a day.

The next month he suffered a hemorrhage and returned to his home, but refused to announce his retirement, saying "I'll never quit."

He was hospitalized two weeks ago. Only a nurse was with him when he died. His wife Jane had just left, after he seemed to rally.

New Levy Resolution Due In Dispute Over Wording

A resolution to place a 3.5-mill levy on the No. 2 ballot for salary increases for all school personnel was stricken from the records by the Board of Education Monday night after members disagreed with the wording.

The board indicated a new resolution will be drawn up and presented at another meeting. The objection was strictly on the wording, not on the issue of whether or not the levy should be on the ballot.

The original resolution was adopted at the July 6 meeting. Miss Kathryn Liebschner, clerk, informed the board that City Solicitor Joseph W. Cooper suggested the levy be placed on the ballot for "current expenses" in order to allow it to be voted for an indefinite period of time under a new Ohio law.

The solicitor said the money derived from the levy could be designated by the board in its minutes for salaries, Supt. Paul Blair explained. If it is worded as being for salaries, it will have to be for a definite period of years, Blair continued. He said this was the recommendation of the Solicitor and Frank R. O'Hanlon, clerk of the Columbiana County Board of Election.

Both John R. Woomer and Richard Smith objected to the wording and indicated they would not accept the minutes with the resolution reading in this manner. Postmaster Samuel Brown, another board member, said he feels the board fears a new board could come along and rescind the motion on the records, allowing the money to be used for something other than salaries.

Smith also said he feels the voters should be given the chance once in a while to approve or disapprove of levies. Woomer said the public will feel that the levy is being placed on the ballot to provide more money for the new schools.

The board then voted to accept the minutes with the exception of the resolution. Brown commented to two representatives of the East Liverpool Teachers Association that action will be forthcoming on a new resolution.

Miss Skidmore Marries During Open Church Rite

Attired in a floor - length gown of silk organza over taffeta, Miss Shirley Skidmore, daughter of Mr. and Mrs. Donald Skidmore, 1000 Ephriam St., became the bride of Richard Milne, son of Mr. and Mrs. Scott Milne, of Rochester, N.Y., the evening of July 10 at the First Church of the Nazarene.

The double ring ceremony was performed at an open church wedding by the Rev. Claude Schlosser before an altar banked with ferns, palms and candelabra.

Jeffrey Capehart played a half - hour of wedding music before the ceremony. Harold Hardy sang, "Because," "If I Could Tell You" and "Seal Us, Oh Holy Spirit."

The bride was given in marriage by her father. Her gown was styled with traditional long pointed sleeves and scoop neckline with Alencon lace applique trim. Three large appliques also highlighted the front of the controlled skirt, which fell from a banded empire waistline and ended in a chapel train. Her illusion veil was held in place by a flat silk organza bow with Alencon lace applique and seed pearls on the points.

She carried a bridal arrangement of white carnations and stephanotis, centered with orchids. She observed the familiar wedding traditions.

For traveling, the bride wore a blue and white sheath with white accessories and her bridal orchids.

Miss Margaret Kinsey was maid of honor and Mrs. Kenneth Nelson of Quincy, Mass., and Miss Deborah Rice, a cousin of the bride, were bridesmaids. They were attired in identical dresses of sea-spray chiffon over taffeta with empire bodices of Venice lace fashioned with brief sleeves and scoop necklines. The empire waistlines were accented by satin bands that formed flat bows and streamers in the back. They wore chiffon ring hats held by matching brief veils, cultured pearl pendants, gifts of the bride, and carried colonial bouquets.

Miss Debra Pugh was flower girl. She wore a sea - spray chiffon dress over satin, and the waistline was accented by a satin band that formed a bow in the back. She wore a Dior bow in her hair and a cultured pearl pendant and carried a white basket of white and pink carnation petals.

Mrs. Skidmore wore a pink dress with white accessories and the bridegroom's mother chose a peacock blue dress with white accessories. Both wore white orchids. The grandmothers of the bride and bridegroom wore carnation corsages with their ensembles.

MRS. RICHARD MILNE
Bride Of New York Man.

Robert Milne, brother of the bridegroom, was best man and Stephen Benedict, a cousin of the bridegroom, George Milne, brother of the bridegroom, and Daniel Skidmore, brother of the bride, were ushers. Stephen Skidmore, another brother of the bride, was ringbearer.

A reception was held at the Mary Patterson Memorial. The bridal table was centered with a three - tiered wedding cake flanked with pink carnations and greenery.

Aides were Mrs. Carl Bailey, Mrs. Edward Rice, Mrs. John Bricker, Mrs. Thomas Skidmore and Mrs. Edward Arthurs, aunts of the bride.

Mrs. Deloras Mickel registered the guests from Rochester, N. Y., Syracuse, N. Y., Medina, Akron, Toronto, Sebring, Marietta and Quincy, Mass.

The bride is a graduate of East Liverpool High School and Eastern Nazarene College in Wollaston, Mass., and formerly taught second grade at Lincoln School. Her husband is a graduate of Greece Olympia High School in Rochester and attended Eastern Nazarene College. He is employed by the Automobile Club of Rochester as a travel counselor.

Following a honeymoon in Massachusetts, the couple will reside in Rochester.

TORONTO (AP)—Franklin D. McDowell, 77, author and award - winning novelist, died Monday after a long illness.

Miss Skidmore Marries During Open Church Rite

Attired in a floor - length gown of silk organza over taffeta, Miss Shirley Skidmore, daughter of Mr. and Mrs. Donald Skidmore, 1000 Ephriam St., became the bride of Richard Milne, son of Mr. and Mrs. Scott Milne, of Rochester, N.Y., the evening of July 10 at the First Church of the Nazarene.

The double ring ceremony was performed at an open church wedding by the Rev. Claude Schlosser before an altar banked with ferns, palms and candelabra.

Jeffrey Capehart played a half - hour of wedding music before the ceremony. Harold Hardy sang, "Because," "If I Could Tell You" and "Seal Us, Oh Holy Spirit."

The bride was given in marriage by her father. Her gown was styled with traditional long pointed sleeves and scoop neckline with Alencon lace applique trim. Three large appliques also highlighted the front of the controlled skirt, which fell from a banded empire waistline and ended in a chapel train. Her illusion veil was held in place by a flat silk organza bow with Alencon lace applique and seed pearls on the points.

She carried a bridal arrangement of white carnations and stephanotis, centered with orchids. She observed the familiar wedding traditions.

For traveling, the bride wore a blue and white sheath with white accessories and her bridal orchids.

Miss Margaret Kinsey was maid of honor and Mrs. Kenneth Nelson of Quincy, Mass., and Miss Deborah Rice, a cousin of the bride, were bridesmaids. They were attired in identical dresses of sea-spray chiffon over taffeta with empire bodices of Venice lace fashioned with brief sleeves and scoop necklines. The empire waistlines were accented by satin bands that formed flat bows and streamers in the back. They wore chiffon ring hats held by matching brief veils, cultured pearl pendants, gifts of the bride, and carried colonial bouquets.

Miss Debra Pugh was flower girl. She wore a sea - spray chiffon dress over satin, and the waistline was accented by a satin band that formed a bow in the back. She wore a Dior bow in her hair and a cultured pearl pendant and carried a white basket of white and pink carnation petals.

Mrs. Skidmore wore a pink dress with white accessories and the bridegroom's mother chose a peacock blue dress with white accessories. Both wore white orchids. The grandmothers of the bride and bridegroom wore carnation corsages with their ensembles.

MRS. RICHARD MILNE
Bride Of New York Man.

Robert Milne, brother of the bridegroom, was best man and Stephen Benedict, a cousin of the bridegroom, George Milne, brother of the bridegroom, and Daniel Skidmore, brother of the bride, were ushers. Stephen Skidmore, another brother of the bride, was ringbearer.

A reception was held at the Mary Patterson Memorial. The bridal table was centered with a three - tiered wedding cake flanked with pink carnations and greenery.

Aides were Mrs. Carl Bailey, Mrs. Edward Rice, Mrs. John Bricker, Mrs. Thomas Skidmore and Mrs. Edward Arthurs, aunts of the bride.

Mrs. Deloras Mickel registered the guests from Rochester, N. Y., Syracuse, N. Y., Medina, Akron, Toronto, Sebring, Marietta and Quincy, Mass.

The bride is a graduate of East Liverpool High School and Eastern Nazarene College in Wollaston, Mass., and formerly taught second grade at Lincoln School. Her husband is a graduate of Greece Olympia High School in Rochester and attended Eastern Nazarene College. He is employed by the Automobile Club of Rochester as a travel counselor.

Following a honeymoon in Massachusetts, the couple will reside in Rochester.

Bringing Up A Family

By Dr. GARRY MYERS

Bright Brother Intolerant Of Others

Suppose you had a retarded child and other children of average or superior intelligence. You would have the problem of helping these other children to feel and act kindly and patiently toward this retarded one. You would have a similar problem if one of your children were highly gifted and the other of average ability. The gifted one might often refer to the other child as stupid. This could be an expression of jealousy in the gifted one, especially if he were the older.

Dr. Garry Myers

A mother writes from California:

"Our problem is Jimmy, aged ten. He has a brother, eight, and a sister, five. He does exceptional work in school and his IQ has been tested at approximately 140. He has friends at home and school, and his teachers report that he gets along well with other children and doesn't show intolerance or antagonism. He also gets along well with his teachers.

—:—

"OUR FAMILY would be a very happy one, except for the fact that Jimmy hates his younger brother. This hatred has varying degrees of tenseness, but there have been times when we actually worry about Jimmy's doing physical harm to his brother.

"Typical situation happened this morning before school:

"I told Jimmy he would have to wear his leather shoes rather than tennis shoes because it was raining. He started to cry, even though I explained why I thought the leather shoes were necessary. In a few minutes he came to our room and screamed at his father and me.

"I don't want to wear those shoes because Davy follows me around and everyone knows he is my brother and he is stupid.'

"I have listened to him refer to Davy as stupid so repeatedly that I become angry and I worry about the effect on Davy of hearing how stupid he is all the time. Actually, he has a slightly above-average IQ.

—:—

"WE LOVE all three of our children very much and solve most problems without too much trouble, but this one seems to be potentially dangerous. We try to avoid comparisons, encourage them to develop outside friendships, listen carefully to what they say, help them with schoolwork, read to them, play with them, provide pets, etc.

"Jimmy and Davy share the same bedroom, which also makes Jimmy angry. Unfortunately, we only have three bedrooms and I feel that the little girl should have one of her own —besides, Jimmy is going to have to learn to live with this problem since Davy is also a part of our family."

My reply in part:

It could be that the older boy hears you parents brag about his high IQ. No doubt it gives him a feeling of superiority to dub his younger brother as stupid, especially as he sees how his saying so annoys you parents.

—:—

FIRST OF all, make clear to Jimmy that he must never refer to Davy as stupid, that doing so would be considered as bad as cursing him. Then prove your word is good by finding an effective penalty. Don't argue or repeat commands with either boy. Be decisive.

On the other hand, see that Davy does not impose on Jimmy or needlessly provoke him to wrath. See that their possessions and jobs are definite and don't overlap unduly. Encourage each boy to seek outside playmates of his own age. They hardly can be good constant playmates of each other.

It might help if Jimmy were to go to bed half an hour later than Davy, suggesting that Jimmy is recognized as the older. Also consider some other special privileges for Jimmy. Dad might do most at building on Jimmy's strengths and help him gain more satisfaction in desirable ways.

My bulletin, "Preventing and Reducing Jealousy," may be had by sending a self-addressed, stamped envelope to me in care of The Review.

Court Orders Arrest For 2 On Tax Cases

Municipal Judge Samuel M. Cnertoff today ordered bench warrants for the arrest of two men who did not appear for scheduled hearings on charges they violated the city income tax ordinance by failure to file final returns on 1964 earnings.

The court ordered the arrest of Nelson Clark, whose exact whereabouts apparently are unknown, and Gail Freeman, 830 Avondale St.

Affidavits were served on the defendants earlier by Bailiff Wilbert P. Taylor on charges filed by D. G. Wilkinson, city tax commissioner.

The summons for Clark was left at a home at 511 1st Ave. Queried by the court, Wilkinson said the "summons was left at that address, where he gets his mail." Householders at that address, relatives of Clark, advised Wilkinson yesterday that he does not reside there, Wilkinson said.

"But I have reliable information that he receives his mail at that address," the commissioner said.

The judge allowed a continuance until Aug. 2 in the case of Robert Wells, 315 Jackman St., who pleaded guilty to a charge he did not file a final return for 1964 before the deadline last April 15.

Questioned by the court, Wells said: "Some of the guys I work with told me you don't have to file until the end of the year."

"You knew better than that," the judge replied.

Wilkinson told the judge about four warnings were sent to Wells, the latest 10 days before the affidavit was filed. Wells made a settlement in February for his 1963 tax and was reminded at that time that his 1964 tax still was due, the commissioner said.

When Wells said he would make the payment later, the judge continued the hearing until Aug. 2.

"But if the tax is not paid by then, you had better be prepared to accept the consequences," the judge told Wells.

Name's The Same

ABILENE, Kan. (AP) — Cynthia Davis, who will start school next fall, visited the school and met her future teacher, a Miss Johnson. Asked later for the teacher's name she said she wasn't sure but "I think it was President."

Man's Listed As Serious In Truck Mishap

A 49-year-old Salineville area man, pinned under a wrecked dump truck more than an hour late Monday morning along Route 39, was in "serious" condition today at Youngstown South Side Hospital.

Hugh Baker of Salineville R.D. 1 suffered lacerations of the chest and head, multiple fractures of the left arm and possible skull injuries in the mishap.

Walter A. Seigler, 64, of Salineville, driver of the Washington Township truck which plunged off the highway on a curve, was in "fair" condition at City Hospital with lacerations abrasions and possible fractures.

Ross Brown, 53, of Salineville R.D., temporarily trapped in the cab when the truck overturned, was treated for multiple cuts and abrasions and released from City Hospital.

The Ohio Highway Patrol at Lisbon said Seigler was headed west on a downhill curve about a half-mile east of the intersection with Route 164 when the truck veered off the right side.

The 1965 truck struck a warning sign, then went back onto the roadway, but swerved off again, smashing through guard rails, going over the embankment, hitting a tree and overturning on its side.

Seigler was thrown out of the cab, but Brown and Baker were caught inside.

The Manning Funeral Home ambulance took Seigler and Brown to the hospital, while those at the site attempted to free Baker. A wrecker which arrived first proved too light to lift the rig and rescue was delayed until a heavier wrecker arrived from Wellsville.

The mishap occurred at 11 a. m. and Brown was not freed until after noon, witnesses said.

Brown was taken to City Hospital in the Kerr Funeral Home ambulance, then was transferred to the Youngstown hospital.

Officers said the mishap is still under investigation.

Salineville volunteer firemen aided in the rescue effort and Police Chief Ray Keister of Salineville helped direct traffic, which was halted on Route 39 during the rescue effort.

2 Astronauts Will Have To Be On Alert

HOUSTON, Tex. (AP) — A space veteran and a tattooed rookie astronaut will have to be eagle eyed on their Gemini 5 space mission next month.

Gordon Cooper, who has flown 34 hours in space, and Charles (Pete) Conrad outlined details of visibility experiments that will employ giant eye charts on the ground near Laredo, Tex., and at Carnarvon on the west coast of Australia. These will be viewed from 100 miles up.

The two spacemen talked to newsmen Monday about the eight-day flight, which the National Aeronautics and Space Administration set for Aug. 19.

A rendezvous with a small satellite, due to be kicked out of the capsule on the second of 121 orbits during 195 hours in space, likewise is on the program.

Another proposed test is a hookup for a two-way conversation with fellow astronaut Scott Carpenter, who will be in a diving bell beneath the Pacific Ocean off California.

The spacemen said some orbits will be over the United States at night and it may be possible to see the capsule streaking through the heavens. Previous flights all passed over this country during the day.

Court Orders Arrest For 2 On Tax Cases

Municipal Judge Samuel M. Cnertoff today ordered bench warrants for the arrest of two men who did not appear for scheduled hearings on charges they violated the city income tax ordinance by failure to file final returns on 1964 earnings.

The court ordered the arrest of Nelson Clark, whose exact whereabouts apparently are unknown, and Gail Freeman, 830 Avondale St.

Affidavits were served on the defendants earlier by Bailiff Wilbert P. Taylor on charges filed by D. G. Wilkinson, city tax commissioner.

The summons for Clark was left at a home at 511 1st Ave. Queried by the court, Wilkinson said the "summons was left at that address, where he gets his mail." Householders at that address, relatives of Clark, advised Wilkinson yesterday that he does not reside there, Wilkinson said.

"But I have reliable information that he receives his mail at that address," the commissioner said.

The judge allowed a continuance until Aug. 2 in the case of Robert Wells, 315 Jackman St., who pleaded guilty to a charge he did not file a final return for 1964 before the deadline last April 15.

Questioned by the court, Wells said: "Some of the guys I work with told me you don't have to file until the end of the year."

"You knew better than that," the judge replied.

Wilkinson told the judge about four warnings were sent to Wells, the latest 10 days before the affidavit was filed. Wells made a settlement in February for his 1963 tax and was reminded at that time that his 1964 tax still was due, the commissioner said.

When Wells said he would make the payment later, the judge continued the hearing until Aug. 2.

"But if the tax is not paid by then, you had better be prepared to accept the consequences," the judge told Wells.

Name's The Same

ABILENE, Kan. (AP) — Cynthia Davis, who will start school next fall, visited the school and met her future teacher, a Miss Johnson. Asked later for the teacher's name she said she wasn't sure but "I think it was President."

Man's Listed As Serious In Truck Mishap

A 49-year-old Salineville area man, pinned under a wrecked dump truck more than an hour late Monday morning along Route 39, was in "serious" condition today at Youngstown South Side Hospital.

Hugh Baker of Salineville R.D. 1 suffered lacerations of the chest and head, multiple fractures of the left arm and possible skull injuries in the mishap.

Walter A. Seigler, 64, of Salineville, driver of the Washington Township truck which plunged off the highway on a curve, was in "fair" condition at City Hospital with lacerations abrasions and possible fractures.

Ross Brown, 53, of Salineville R.D., temporarily trapped in the cab when the truck overturned, was treated for multiple cuts and abrasions and released from City Hospital.

The Ohio Highway Patrol at Lisbon said Seigler was headed west on a downhill curve about a half-mile east of the intersection with Route 164 when the truck veered off the right side.

The 1965 truck struck a warning sign, then went back onto the roadway, but swerved off again, smashing through guard rails, going over the embankment, hitting a tree and overturning on its side.

Seigler was thrown out of the cab, but Brown and Baker were caught inside.

The Manning Funeral Home ambulance took Seigler and Brown to the hospital, while those at the site attempted to free Baker. A wrecker which arrived first proved too light to lift the rig and rescue was delayed until a heavier wrecker arrived from Wellsville.

The mishap occurred at 11 a. m. and Brown was not freed until after noon, witnesses said.

Brown was taken to City Hospital in the Kerr Funeral Home ambulance, then was transferred to the Youngstown hospital.

Officers said the mishap is still under investigation.

Salineville volunteer firemen aided in the rescue effort and Police Chief Ray Keister of Salineville helped direct traffic, which was halted on Route 39 during the rescue effort.

2 Astronauts Will Have To Be On Alert

HOUSTON, Tex. (AP) — A space veteran and a tattooed rookie astronaut will have to be eagle eyed on their Gemini 5 space mission next month.

Gordon Cooper, who has flown 34 hours in space, and Charles (Pete) Conrad outlined details of visibility experiments that will employ giant eye charts on the ground near Laredo, Tex., and at Carnarvon on the west coast of Australia. These will be viewed from 100 miles up.

The two spacemen talked to newsmen Monday about the eight-day flight, which the National Aeronautics and Space Administration set for Aug. 19.

A rendezvous with a small satellite, due to be kicked out of the capsule on the second of 121 orbits during 195 hours in space, likewise is on the program.

Another proposed test is a hookup for a two-way conversation with fellow astronaut Scott Carpenter, who will be in a diving bell beneath the Pacific Ocean off California.

The spacemen said some orbits will be over the United States at night and it may be possible to see the capsule streaking through the heavens. Previous flights all passed over this country during the day.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Why is it that whenever a couple is divorced, if the husband gets the children it is assumed that:

1. He caught her under the worst possible circumstances or . . .

2. She is a tramp who didn't want to be bothered with the children or . . .

3. She is mentally unstable and-or an alcoholic.

I would like to dispel these notions once and for all, and since I'm a divorcee who is not a tramp, was not caught, nor am I incompetent or alcoholic, I gave up my children simply because I felt they would be better off with their father.

My husband and I never got along. I married him to please a socially ambitious mother. The children adore their father. They tolerate me. They think I'm weak, insecure and addlebrained. They think their father is strong, brilliant and capable. I never have been able to control them. Whatever their father says is gospel.

When we split up several months ago my husband said, "Shall we ask the children with whom they want to live?" (They are 15, 13 and 12.) I replied, "No, I couldn't bear the humiliation of having them choose. Let's tell them they will live with their father. That settled it and I'm sure they were relieved.

So, here's a different kind of letter for your column, Ann Landers. Label it "Education." Sincerely yours.—ODD WOMAN OUT.

-:-

Dear Woman: You do not sound weak, insecure or addlebrained to me, but you have sadly underestimated yourself. Good luck in making a new life—and thanks for the "education."

Modern Eve

Dear Ann: I am writing because my 14-year-old niece asked me to. I don't know the answer but I'm hoping you will.

My niece is a very sweet person and has many friends, both girls and boys. They are allowed to come to the house to sing, dance, play records and just visit, which I think is perfectly fine. The problem is the girl's mother.

She's in her middle 30s and has five children. The woman wears a bikini from the first day of spring until snow hits the ground. She knows she has an outstanding figure and apparently she wants everyone else to know it, too. The little high school boys who come to the house look and look until I think their eyes are going to pop out of their heads.

The bikinis this mother wears have the narrowest brassieres I've ever seen. The panties are little more than what the strippers in a burlesque house wear.

I think it is positively indecent and so does her 14-year-old daughter. Do you feel that this woman is right in her insistence that she can wear anything she pleases in her own home?—G.R.M.

-:-

G.R.M.: I believe a woman who is alone in her home has the right to wear anything she pleases or nothing at all, if she pleases—provided the shades are down and the doors are bolted. When others are present, however, it is indecent to go around half naked (or in her case seven-eighths naked is more accurate).

I hope this mother will put on a house dress when her children and their friends are home — before the daughter starts to meet her pals around the corner.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

55 Enrolled At 3 Sites

Negro Cadets At Service Academies Hit High Point

WASHINGTON (AP) — The number of Negro cadets and midshipmen at the three major service academies has reached a high point.

Counting the plebe classes which entered this month, there are 55 Negroes at Annapolis, West Point, and the Air Force Academy. This is 12 more than were enrolled at the end of the 1964- 1965 academic year.

The 55 Negroes at the three academies still represent only a tiny fraction of the over-all total of about 9,700 midshipmen and cadets.

Nonetheless, officials professed to be encouraged that the trend is up.

These officials are using the "soft sell" method of trying to make Negro youths aware of the opportunities for going to the service academies.

Authorities in the Pentagon's "equal opportunity" program stressed that qualifications are not being "bent," as they put it, to help Negro applicants make the grade into the academies.

West Point currently leads in the number of Negro cadets — 29 out of nearly 2,700. Next comes the Air Force Academy with 17 out of an enrollment of 2,900. The Naval Academy, with the biggest corps, has the fewest Negroes — only 9 out of 4,100.

There has been an upturn, too, in Negro graduates from the service academies. Last month, there were 11 who got their diplomas and their commissions — four from West Point, four from the Air Force Academy and three from the Naval Academy. This compared with seven in 1964.

Over-all, 1,909 young men graduated last June from the three military academies.

The services were a long time in coming around to tapping the Negro population for their professional officer corps.

Not a single Negro graduated from West Point between 1889 and 1936. The 1936 graduate was Benjamin O. Davis Jr., now a lieutenant general in the Air Force and the highest ranking Negro in the armed services.

It wasn't until 1949 that the Naval Academy graduated its first Negro midshipman. The Air Force Academy, only 11 years old, graduated its first Negro cadets in 1963.

Currently, there are more than 5,000 Negro commissioned officers and warrant officers on active duty.

Dear Heloise: When I was a television repairman, my customers always had trouble adjusting an indoor antenna. I thought you'd like to tell your housewives how to tune in a television set if it has rabbit ears.

Find the channel you wish to see, turn the rabbit ears to the worst posible position, watch the channel flip, flip, flip, and adjust your front vertical and horizontal control dials as best you can.

Then flip the antenna in correct position.

Turn your contrast control as far left as it will go. It will look like the screen is practically blank . . .

Then adjust the lightness and darkness button until it is a slate gray color.

Next, readjust your contract button again.

This will bring you a perfect picture nearly every time.

One thing I would like to tell people is that they should not turn the contrast button too far right. This lends for such a stark black and white picture, and sometimes causes headaches. It should never be done.

And, while I'm on the subject, I wonder if families are aware that they should clean the glass on the front of the TV? I often read YOU, Miss Heloise, telling about the carbon in the house on window panes and kitchen cabinets.

Well, do you know this same things gets on television glass? If people would just clear the glass or plastic on those TV's they would get a much brighter picture.

EX-TV REPAIRMAN.

-:-

Ladies, be sure not to use just anything in the kitchen cabinet when you clean this covering on your television. "Anything" might ruin the covering if it's plastic.

I suggest you first try plain, warm water on a wash cloth. And, if you still have your directions, get them out and read them. If you are not sure whether or not it is pure glass, pick up the 'phone and call your local television man and tell him the brand and serial number. He can tell you if it's plastic or not.

We appreciate this information from a television man more than he will ever know. His directions were superb.

HELOISE.

LETTER OF LAUGHTER

Dear Mother: After reading about the woman who put oil of cloves in her vacuum cleaner to make her room smell good, I just sprayed some cologne in the air conditioner where the air comes out.

Did you know that pine scents could also be used this way? It's a great idea. Sure leaves a clean smell.

Those who don't have air conditioners could put pine scent (used to put in water when mopping floors), or even cologne on a piece of cotton and tie it to the frame of a fan, and let the scent blow through your house that way.

ANOTHER MOTHER.

DEAR HELOISE: If you like your cooked cereal sweetened throughout (as I do), try adding one tablespoon of sugar to each cup of water in your pan. Cook cereal as usual, but just TASTE the difference.

Brown sugar makes a nice change in your cereal. Whether hot cooked types or cold.

DEAR HELOISE: The cuffs of my son's shirts were badly frayed. Not being an expert at making buttonholes, I detached the cuffs, turned them upside down, replaced the right sleeve cuff onto the left sleeve and vice versa, and made a narrow hem around the outer edge. The original buttons and buttonholes were in the right place.

Police Say Burglars Knew Alarm System

TOLEDO, Ohio (AP)—Police theorize that burglars who pounded a 2 - by - 3 - foot hole through a 6-inch concrete wall and escaped with furs and jewelry valued at $50,000 from a large department store over the weekend had considerable knowledge of the store's alarm system.

A plywood fence surrounding construction work at the north end of LaSalle's Westgate store concealed the work of the burglars as they smashed their way into the building. The burglary was not discovered until early Monday.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Why is it that whenever a couple is divorced, if the husband gets the children it is assumed that:

1. He caught her under the worst possible circumstances or . . .

2. She is a tramp who didn't want to be bothered with the children or . . .

3. She is mentally unstable and-or an alcoholic.

I would like to dispel these notions once and for all, and since I'm a divorcee who is not a tramp, was not caught, nor am I incompetent or alcoholic, I gave up my children simply because I felt they would be better off with their father.

My husband and I never got along. I married him to please a socially ambitious mother. The children adore their father. They tolerate me. They think I'm weak, insecure and addlebrained. They think their father is strong, brilliant and capable. I never have been able to control them. Whatever their father says is gospel.

When we split up several months ago my husband said, "Shall we ask the children with whom they want to live?" (They are 15, 13 and 12.) I replied, "No, I couldn't bear the humiliation of having them choose. Let's tell them they will live with their father. That settled it and I'm sure they were relieved.

So, here's a different kind of letter for your column, Ann Landers. Label it "Education." Sincerely yours.—ODD WOMAN OUT.

-:-

Dear Woman: You do not sound weak, insecure or addlebrained to me, but you have sadly underestimated yourself. Good luck in making a new life—and thanks for the "education."

Modern Eve

Dear Ann: I am writing because my 14-year-old niece asked me to. I don't know the answer but I'm hoping you will.

My niece is a very sweet person and has many friends, both girls and boys. They are allowed to come to the house to sing, dance, play records and just visit, which I think is perfectly fine. The problem is the girl's mother.

She's in her middle 30s and has five children. The woman wears a bikini from the first day of spring until snow hits the ground. She knows she has an outstanding figure and apparently she wants everyone else to know it, too. The little high school boys who come to the house look and look until I think their eyes are going to pop out of their heads.

The bikinis this mother wears have the narrowest brassieres I've ever seen. The panties are little more than what the strippers in a burlesque house wear.

I think it is positively indecent and so does her 14-year-old daughter. Do you feel that this woman is right in her insistence that she can wear anything she pleases in her own home?—G.R.M.

-:-

G.R.M.: I believe a woman who is alone in her home has the right to wear anything she pleases or nothing at all, if she pleases—provided the shades are down and the doors are bolted. When others are present, however, it is indecent to go around half naked (or in her case seven-eighths naked is more accurate).

I hope this mother will put on a house dress when her children and their friends are home — before the daughter starts to meet her pals around the corner.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

55 Enrolled At 3 Sites

Negro Cadets At Service Academies Hit High Point

WASHINGTON (AP) — The number of Negro cadets and midshipmen at the three major service academies has reached a high point.

Counting the plebe classes which entered this month, there are 55 Negroes at Annapolis, West Point, and the Air Force Academy. This is 12 more than were enrolled at the end of the 1964- 1965 academic year.

The 55 Negroes at the three academies still represent only a tiny fraction of the over-all total of about 9,700 midshipmen and cadets.

Nonetheless, officials professed to be encouraged that the trend is up.

These officials are using the "soft sell" method of trying to make Negro youths aware of the opportunities for going to the service academies.

Authorities in the Pentagon's "equal opportunity" program stressed that qualifications are not being "bent," as they put it, to help Negro applicants make the grade into the academies.

West Point currently leads in the number of Negro cadets — 29 out of nearly 2,700. Next comes the Air Force Academy with 17 out of an enrollment of 2,900. The Naval Academy, with the biggest corps, has the fewest Negroes — only 9 out of 4,100.

There has been an upturn, too, in Negro graduates from the service academies. Last month, there were 11 who got their diplomas and their commissions — four from West Point, four from the Air Force Academy and three from the Naval Academy. This compared with seven in 1964.

Over-all, 1,909 young men graduated last June from the three military academies.

The services were a long time in coming around to tapping the Negro population for their professional officer corps.

Not a single Negro graduated from West Point between 1889 and 1936. The 1936 graduate was Benjamin O. Davis Jr., now a lieutenant general in the Air Force and the highest ranking Negro in the armed services.

It wasn't until 1949 that the Naval Academy graduated its first Negro midshipman. The Air Force Academy, only 11 years old, graduated its first Negro cadets in 1963.

Currently, there are more than 5,000 Negro commissioned officers and warrant officers on active duty.

Cincinnati Cabbie Booked On 2 Charges

CINCINNATI (AP) — A taxi driver has been booked on two charges as the result of an accident in which his cab struck and killed a boy riding a skateboard.

Orlando Parker, 30, Lincoln Heights, was charged Monday with operating an unroadworthy vehicle and failure to possess a city taxi license after David Miniard, 6, was killed near his home in suburban Lockland.

Gas Workers Accept Pact, Back On Jobs

CLEVELAND (AP) — Members of Natural Gas Workers Union Local 555 were back at work today at the East Ohio Ga Co. for the first time since June 15.

Union members voted Monday to accept a new two-year contract providing wage raises totaling 20.45 cents an hour for 2,400 East Ohio employes.

Network Will Handle Long-Distance Calls

CLEVELAND (AP) — A $4 million microwave communications network which can handle up to 6,000 long - distance telephone calls simultaneously has been opened linking Cleveland, Columbus and Cincinnati.

The network, opened over the weekend by the Ohio Bell Telephone Co. and the Cincinnati Suburban Bell Telephone Co., handles signals beamed via towers and repeater stations spaced along a route paralleling that of I-71.

Twins Whip Angels As Mele Watches From Sidelines

By DICK COUCH
Associated Press Sports Writer

When Jim Perry made his first big league pitch, Hal Naragon was on the receiving end. Perry returned the favor Monday night by presenting Naragon with his first managerial catch — and left Sam Mele sitting pretty.

Mele, beginning a five-day enforced vacation — the result of a hassle Sunday with Umpire Bill Valentine — watched from the pressbox as his Minnesota Twins, with Naragon in command, whipped the Los Angeles Angels 5-2 behind Perry's four-hitter.

The victory kept the Twins 3½ games in front in the American League race and gave Perry and Naragon, batterymates at Cleveland six years ago, perfect 1965 records.

The Cleveland Indians blanked the Orioles 5-0 on the four-hit pitching of Lee Stange and moved into second place. Baltimore dropped into a third-place tie with the Chicago White Sox, beaten 6-3 by resurgent Kansas City.

Rookie Jim Lonborg of Boston tamed New York 3-1 on five hits for his third victory over the Yankees and Phil Ortega fired a three-hitter as Washington trimmed Detroit 8-0.

Harmon Killebrew's two-run homer and a two-run single by Jimmie Hal helped Perry outpitch Los Angeles ace Dean Chance, who has lost six of 12 decisions. Killebrew smashed his 17th homer in the first inning and Hall came through in the seventh.

Stange, 5-2 extended his career hex over Baltimore to nine victories in 11 decisions and ran his scoreless string against the Orioles to 24 innings. Chuck Hinton hit a two-run homer in Cleveland's three - run first-inning burst against loser Steve Barber and touched off a two-run rally in the sixth with a double.

The last-place Athletics, who have won five of their last six, bunched all their runs in the seventh inning, breaking up a scoreless duel between Roland Sheldon and Chicago's Joe Horlen. Bill Bryan singled the first two KC runs across and Dick Green capped the rally with a three-run homer.

Lonborg boosted his record to 6-10 and knocked in the deciding run with a single in the Red Sox' two-run second inning. Rico Petrocelli singled home the first run and Tom Tresh's throwing error in the fifth, after singles by Frank Malzone and Carl Yastrzemski, accounted for the other.

Ken Hamlin smacked two homers and Woodie Held one, giving Ortega plenty of working room en route to his 10th victory. The ex-Dodger is the fourth AL pitcher to win 10 games. He has lost eight. Hamlin, who had driven in only eight runs, knocked in four with his second and third homers of the year.

Johnson Blanks Mets As Braves Win 7th Straight

Law Twirls Pirates To 3-1 Victory

By MURRAY CHASS
Associated Press Sports Writer

Ken Johnson recorded Milwaukee's first shutout of the season Monday night as the Braves whipped the New York Mets 6-0 for their seventh straight victory and moved into third place in the National League.

The 32-year-old right-hander has been a different person since Houston traded him to Milwaukee for outfielder Lee Maye last May 23.

While with the Astros this season, Johnson posted a 3-2 record with a 4.15 earned run average and no complete games in eight starts.

His triumph over the Mets was his fourth straight and gave him a 7-2 record with the Braves. In that time he has compiled a 2.79 ERA, completed five of 12 starts and defeated seven of the other nine teams in the league.

In other NL games Monday, Los Angeles knocked off Houston 8-3, Pittsburgh trimmed Cincinnati 3-1, Philadelphia defeated St. Louis 5-2 and Chicago downed San Francisco 6-2.

Johnson was supported in his seven-hitter by four home runs — Ed Mathews' 20th, Hank Aaron's 18th, Joe Torre's 18th and Felipe Alou's 15th. The defeat was the Mets' ninth straight and halted their nine-game Monday winning streak. They hadn't lost on a Monday since opening day.

Don Drysdale scattered nine hits, bringing his record to 15-8 while also collecting a run-scoring single and a double. Los Angeles snapped a 3-3 tie with a five-run outburst in the sixth inning, Lou Johnson scoring the first run on a wild pickoff throw by Houston starter Don Nottebart.

Vernon Law stopped Cincinnati on four hits, and six Pirates each rapped two hits. Donn Clendenon's fourth-inning home run broke a 1-1 deadlock, and Pittsburgh added a run in the eighth on consecutive singles by Roberto Clemente, Clendenon and Bill Mazeroski.

Philadelphia downed St. Louis as Chris Short scattered seven hits for his 11th victory against seven losses. Dick Stuart and Alex Johnson each knocked in two Phillie runs.

Chicago's Dick Ellsworth also won his 11th game — he has lost five — after holding San Francisco hitless through five innings and driving in two runs with a triple. Ellsworth, however, needed ninth-inning relief help from Ted Abernathy.

Paytors Hurls One-Hitter In Chester Loop

Frank Paytors turned in a one - hitter to allow the Chester Merchants to coast to a 9-0 victory over Gallagher's Market Monday in the Chester Softball League.

Blaine Clendenning collected the only hit off Paytors and that came in the sixth inning. Paytors put 13 batters down on strikes.

Bob Campbell led the winners with a double and two singles while Bruce Campbell, Jack Evans and Peck Glove had two each.

Putt Repeats In Jaycee Tourney

Harold Putt repeated as champion of the Junior Golf Tournament sponsored by the East Liverpool Jaycees Monday at the Country Club.

Putt fired 72 to finish 11 strokes in front of Bill Pickin in the senior division.

Young Putt is shown at the right receiving a trophy from Adrian Kithas, chairman of the event, while others, left-to-right, include John Finley, winner of the second division, Pickin and Andy Petrick who shot a 94 to win the third division for ages 12 and 13. In the second row, are Gary Clark and Craig Walton, members of the Jaycee golf committee.

Putt and Pickin, the winner and runnerup will represent East Liverpool in the state tournament which gets under way Monday and concludes Tuesday at Dayton.

Twenty - eight were entered in the junior tournament.

In the second division for boys 14 and 15, Finley won by edging John Webber in a sudden death playoff on the first extra hole.

Little League Teams Open Tourney Play

East Liverpool's two entries in the District 4 Little League tournament will open play Wednesday.

The East Liverpool Nationals will play Holly Hills of North Canton Wednesday at 6 p. m. on the Thompson Park field. The American League All-Stars travel to Connotton Valley.

If the Nationals win, they will meet North Canton at North Canton Friday while the Americans would play Wellsville.

Jim Brown, Wife Due On Stand Today

CLEVELAND, Ohio (AP) — The prosecution may finish its case today in the trial of pro football star Jim Brown, accused of assault and battery by a teen-age girl.

Norman Minor, one of Brown's attorneys, said in a news conference after Monday's session that he will call Brown's wife, Sue, as a defense witness. He also plans to have Brown testify in his own behalf.

Minor also indicated he will seek to show that the girl was beaten up at her home and not, as she has testified, in the motel room where she went with Brown the night of June 19.

The girl, Brenda Ayres, 18, has accused the 230-pound fullback for the Cleveland Browns of slapping her around in the motel room and forcing her to drink liquor. She also told of being intimate with the 29-year-old Brown several times from May 12, when she was introduced to him, until June 19.

Brown has pleaded innocent to the assault and battery charge. He is married and the father of three.

Mrs. Barbara Ayres, 35, mother of Brown's accuser, testified she asked Brown in two telephone conversations to stay away from her daughter.

She said Brown agreed not to see Brenda anymore.

The day of the alleged beating, Mrs. Ayres said, Brenda arrived home between 5 and 5:20 p.m. and told her:

" 'Mommie, Jim Brown beat me and left me at the motel.' "

The only other witness to testify Monday was James Himmelein, a Cleveland detectives who photographed bruises on Miss Ayres June 22.

AFL Veterans Join Rookies In Training

NEW YORK (AP) — Veterans have joined rookies in five of the eight training camps of the American Football League. Of the group of over 300 holdovers, there are 46 who are starting their sixth straight season with the same club, the AFL said today.

The veterans already are working out at all camps except Houston, Boston and Buffalo. They report at Houston Friday, at Buffalo Sunday and at Boston Monday.

Boston will welcome back 10 players who have been with the club for the past five seasons.

Kansas City and San Diego each have eight five-year men. Houston has seven, New York four and Oakland and Denver three each.

The 1964 champions, the Buffalo Bills, have only two players back from the 1960 club — flanker Elbert Dubenion and halfback Wray Carlton.

Mele Given $500 Fine, 5 Days Off

MINNEAPOLIS - ST. PAUL (AP) — Manager Sam Mele, waiting out a five-day suspension imposed after his altercation Sunday with umpire Bill Valentine, had his ruffled feelings soothed Monday night when his American League-leading Minnesita Twins whipped the Los Angeles Angels 5-2.

"They didn't seem to miss me, did they?" Mele said after viewing the game from Twins' President Calvin Griffith's booth in the Metropolitan Stadium pressbox.

"Maybe I should sit up here all the time."

Mele, who earlier Monday said he felt league President Joe Cronin's punishment of the suspension and a $500 fine was unfair, was in a considerably more jovial mood after the Twins won to protect their 3½-game American League lead.

Coach Hal Naragon directed the Twins from the dugout, and will serve as acting manager until Mele can return to the field at Baltimore Saturday night.

Dentists Nip Central, 3-1, In Colt Loop

The Dentists spotted Central Service a one run lead in the second inning then bounced back for two in the fourth and one in the sixth for a 3-1 victory in the Colt League Monday.

Piatt scattered eight hits while his teammates came up with five and took advantage of four Central errors.

Jay Welch clubbed a double and single and Perroots drove in two runs to pace the Dentists. James and Burlingame slugged two hits each for Central.

Giants Pick Up Veteran Spahn

By JACK STEVENSON
Associated Press Sports Writer

SAN FRANCISCO (AP) — Manager Herman Franks looks to the 44-year-old arm of Warren Spahn to give his San Francisco Giants a winning boost in the National League baseball race.

Franks, freshman pilot who last Saturday was awarded a new contract through 1966, went to bat to get the veteran left-hander who was cut loose by the New York Mets a week ago. At that time some Giants officials seemed dubious.

"I just have a feeling he'll be a tremendous help for us," the manager declared after the Giants announced they had reached a salary agreement with Spahn and that the pitcher will report Wednesday.

In the twilight of his great major league career, Spahn says he still is in excellent physical shape and his arm feels good, adding, "I think I can help the Giants win the pennant. I am confident I can still pitch nine innings, but I'm ready to do anything the manager wants me to."

Franks told newsmen, "I just may start him. I just don't know yet how he'll be used."

Spahn's 360 games won are the most for any left-hander in the major leagues.

Terms of the Spahn contract, scheduled to be signed on his arrival, weren't divulged. Yet it's believed he won't suffer much of a cut from the reported $73,500 for which he signed with the Mets this year.

Walker Eliminates Fines For Pirates' Bad Plays

CINCINNATI, Ohio (AP) — When a Pittsburgh Pirate player makes a bad play he is no longer liable for an automatic fine that he can then work off by making good plays.

Manager Harry Walker said the fines were eliminated at a weekend meeting of the team, but denied the situation had ever approached anything that might be described as a crisis.

"There had been some sulking, but only three or four men were really discontented," Walker told a newsman. "The fines we had in effect were not greater than on other clubs and not as large as in other places."

The fines were on a credits and debits, and a man who had been charged with a fine could work it off by pulling off some good plays. Walker said they were assessed when a pitcher threw a 0-2 ball in a good hitting zone, for failure to make good on a bunt, failure to advance a runner and so on.

"A fine against the pitcher, for instance, could start at $100 but with each good pitch he made he reduced it by $25," he explained. "That gives the idea.

"Look at this book. It shows the fines against various players. It also shows that most of them are even, for they had their chance to balance back through good work."

DeSarro Hurls 2nd No-Hitter In Minor Loop

Frank DeSarro pitched the Knights of Columbus team to a 17-1 victory in the Wellsville Minor Little League Monday.

Frank became the first pitcher in the league to pitch back-to-back no-hitters. Last Wednesday he pitched his team to a 27-1 no-hit victory against the 24-hour Laundrimatic team, and duplicated the feat last night against the same team.

Mike McCarty led the K of C team with a four-for-four night including two doubles. Maze had three hits for K of C.

McCarty was the losing pitcher for the 24 Hour team and failed to survive a 10 run first inning.

The K of C team is in front of the second half standings with a 4-1 record. Central Federal is in second with 2-2, and the 24-Hour team is in last with a record of 1-4.

Twins Whip Angels As Mele Watches From Sidelines

By DICK COUCH
Associated Press Sports Writer

When Jim Perry made his first big league pitch, Hal Naragon was on the receiving end. Perry returned the favor Monday night by presenting Naragon with his first managerial catch — and left Sam Mele sitting pretty.

Mele, beginning a five-day enforced vacation — the result of a hassle Sunday with Umpire Bill Valentine — watched from the pressbox as his Minnesota Twins, with Naragon in command, whipped the Los Angeles Angels 5-2 behind Perry's four-hitter.

The victory kept the Twins 3½ games in front in the American League race and gave Perry and Naragon, batterymates at Cleveland six years ago, perfect 1965 records.

The Cleveland Indians blanked the Orioles 5-0 on the four-hit pitching of Lee Stange and moved into second place. Baltimore dropped into a third-place tie with the Chicago White Sox, beaten 6-3 by resurgent Kansas City.

Rookie Jim Lonborg of Boston tamed New York 3-1 on five hits for his third victory over the Yankees and Phil Ortega fired a three-hitter as Washington trimmed Detroit 8-0.

Harmon Killebrew's two-run homer and a two-run single by Jimmie Hal helped Perry outpitch Los Angeles ace Dean Chance, who has lost six of 12 decisions. Killebrew smashed his 17th homer in the first inning and Hall came through in the seventh.

Stange, 5-2 extended his career hex over Baltimore to nine victories in 11 decisions and ran his scoreless string against the Orioles to 24 innings. Chuck Hinton hit a two-run homer in Cleveland's three - run first-inning burst against loser Steve Barber and touched off a two-run rally in the sixth with a double.

The last-place Athletics, who have won five of their last six, bunched all their runs in the seventh inning, breaking up a scoreless duel between Roland Sheldon and Chicago's Joe Horlen. Bill Bryan singled the first two KC runs across and Dick Green capped the rally with a three-run homer.

Lonborg boosted his record to 6-10 and knocked in the deciding run with a single in the Red Sox' two-run second inning. Rico Petrocelli singled home the first run and Tom Tresh's throwing error in the fifth, after singles by Frank Malzone and Carl Yastrzemski, accounted for the other.

Ken Hamlin smacked two homers and Woodie Held one, giving Ortega plenty of working room en route to his 10th victory. The ex-Dodger is the fourth AL pitcher to win 10 games. He has lost eight. Hamlin, who had driven in only eight runs, knocked in four with his second and third homers of the year.

Johnson Blanks Mets As Braves Win 7th Straight

Law Twirls Pirates To 3-1 Victory

By MURRAY CHASS
Associated Press Sports Writer

Ken Johnson recorded Milwaukee's first shutout of the season Monday night as the Braves whipped the New York Mets 6-0 for their seventh straight victory and moved into third place in the National League.

The 32-year-old right-hander has been a different person since Houston traded him to Milwaukee for outfielder Lee Maye last May 23.

While with the Astros this season, Johnson posted a 3-2 record with a 4.15 earned run average and no complete games in eight starts.

His triumph over the Mets was his fourth straight and gave him a 7-2 record with the Braves. In that time he has compiled a 2.79 ERA, completed five of 12 starts and defeated seven of the other nine teams in the league.

In other NL games Monday, Los Angeles knocked off Houston 8-3, Pittsburgh trimmed Cincinnati 3-1, Philadelphia defeated St. Louis 5-2 and Chicago downed San Francisco 6-2.

Johnson was supported in his seven-hitter by four home runs — Ed Mathews' 20th, Hank Aaron's 18th, Joe Torre's 18th and Felipe Alou's 15th. The defeat was the Mets' ninth straight and halted their nine-game Monday winning streak. They hadn't lost on a Monday since opening day.

Don Drysdale scattered nine hits, bringing his record to 15-8 while also collecting a run-scoring single and a double. Los Angeles snapped a 3-3 tie with a five-run outburst in the sixth inning, Lou Johnson scoring the first run on a wild pickoff throw by Houston starter Don Nottebart.

Vernon Law stopped Cincinnati on four hits, and six Pirates each rapped two hits. Donn Clendenon's fourth-inning home run broke a 1-1 deadlock, and Pittsburgh added a run in the eighth on consecutive singles by Roberto Clemente, Clendenon and Bill Mazeroski.

Philadelphia downed St. Louis as Chris Short scattered seven hits for his 11th victory against seven losses. Dick Stuart and Alex Johnson each knocked in two Phillie runs.

Chicago's Dick Ellsworth also won his 11th game — he has lost five — after holding San Francisco hitless through five innings and driving in two runs with a triple. Ellsworth, however, needed ninth-inning relief help from Ted Abernathy.

Paytors Hurls One-Hitter In Chester Loop

Frank Paytors turned in a one - hitter to allow the Chester Merchants to coast to a 9-0 victory over Gallagher's Market Monday in the Chester Softball League.

Blaine Clendenning collected the only hit off Paytors and that came in the sixth inning. Paytors put 13 batters down on strikes.

Bob Campbell led the winners with a double and two singles while Bruce Campbell, Jack Evans and Peck Glove had two each.

Little League Teams Open Tourney Play

East Liverpool's two entries in the District 4 Little League tournament will open play Wednesday.

The East Liverpool Nationals will play Holly Hills of North Canton Wednesday at 6 p. m. on the Thompson Park field. The American League All-Stars travel to Connotton Valley.

If the Nationals win, they will meet North Canton at North Canton Friday while the Americans would play Wellsville.

Putt Repeats In Jaycee Tourney

Harold Putt repeated as champion of the Junior Golf Tournament sponsored by the East Liverpool Jaycees Monday at the Country Club.

Putt fired 72 to finish 11 strokes in front of Bill Pickin in the senior division.

Young Putt is shown at the right receiving a trophy from Adrian Kithas, chairman of the event, while others, left-to-right, include John Finley, winner of the second division, Pickin and Andy Petrick who shot a 94 to win the third division for ages 12 and 13. In the second row, are Gary Clark and Craig Walton, members of the Jaycee golf committee.

Putt and Pickin, the winner and runnerup will represent East Liverpool in the state tournament which gets under way Monday and concludes Tuesday at Dayton.

Twenty - eight were entered in the junior tournament.

In the second division for boys 14 and 15, Finley won by edging John Webber in a sudden death playoff on the first extra hole.

Jim Brown, Wife Due On Stand Today

CLEVELAND, Ohio (AP) — The prosecution may finish its case today in the trial of pro football star Jim Brown, accused of assault and battery by a teen-age girl.

Norman Minor, one of Brown's attorneys, said in a news conference after Monday's session that he will call Brown's wife, Sue, as a defense witness. He also plans to have Brown testify in his own behalf.

Minor also indicated he will seek to show that the girl was beaten up at her home and not, as she has testified, in the motel room where she went with Brown the night of June 19.

The girl, Brenda Ayres, 18, has accused the 230-pound fullback for the Cleveland Browns of slapping her around in the motel room and forcing her to drink liquor. She also told of being intimate with the 29-year-old Brown several times from May 12, when she was introduced to him, until June 19.

Brown has pleaded innocent to the assault and battery charge. He is married and the father of three.

Mrs. Barbara Ayres, 35, mother of Brown's accuser, testified she asked Brown in two telephone conversations to stay away from her daughter.

She said Brown agreed not to see Brenda anymore.

The day of the alleged beating, Mrs. Ayres said, Brenda arrived home between 5 and 5:20 p.m. and told her:

" 'Mommie, Jim Brown beat me and left me at the motel.' "

The only other witness to testify Monday was James Himmelein, a Cleveland detectives who photographed bruises on Miss Ayres June 22.

AFL Veterans Join Rookies In Training

NEW YORK (AP) — Veterans have joined rookies in five of the eight training camps of the American Football League. Of the group of over 300 holdovers, there are 46 who are starting their sixth straight season with the same club, the AFL said today.

The veterans already are working out at all camps except Houston, Boston and Buffalo. They report at Houston Friday, at Buffalo Sunday and at Boston Monday.

Boston will welcome back 10 players who have been with the club for the past five seasons.

Kansas City and San Diego each have eight five-year men. Houston has seven, New York four and Oakland and Denver three each.

The 1964 champions, the Buffalo Bills, have only two players back from the 1960 club — flanker Elbert Dubenion and halfback Wray Carlton.

Mele Given $500 Fine, 5 Days Off

MINNEAPOLIS - ST. PAUL (AP) — Manager Sam Mele, waiting out a five-day suspension imposed after his altercation Sunday with umpire Bill Valentine, had his ruffled feelings soothed Monday night when his American League-leading Minnesita Twins whipped the Los Angeles Angels 5-2.

"They didn't seem to miss me, did they?" Mele said after viewing the game from Twins' President Calvin Griffith's booth in the Metropolitan Stadium pressbox.

"Maybe I should sit up here all the time."

Mele, who earlier Monday said he felt league President Joe Cronin's punishment of the suspension and a $500 fine was unfair, was in a considerably more jovial mood after the Twins won to protect their 3½-game American League lead.

Coach Hal Naragon directed the Twins from the dugout, and will serve as acting manager until Mele can return to the field at Baltimore Saturday night.

Dentists Nip Central, 3-1, In Colt Loop

The Dentists spotted Central Service a one run lead in the second inning then bounced back for two in the fourth and one in the sixth for a 3-1 victory in the Colt League Monday.

Piatt scattered eight hits while his teammates came up with five and took advantage of four Central errors.

Jay Welch clubbed a double and single and Perroots drove in two runs to pace the Dentists. James and Burlingame slugged two hits each for Central.

Giants Pick Up Veteran Spahn

By JACK STEVENSON
Associated Press Sports Writer

SAN FRANCISCO (AP) — Manager Herman Franks looks to the 44-year-old arm of Warren Spahn to give his San Francisco Giants a winning boost in the National League baseball race.

Franks, freshman pilot who last Saturday was awarded a new contract through 1966, went to bat to get the veteran left-hander who was cut loose by the New York Mets a week ago. At that time some Giants officials seemed dubious.

"I just have a feeling he'll be a tremendous help for us," the manager declared after the Giants announced they had reached a salary agreement with Spahn and that the pitcher will report Wednesday.

Franks told newsmen, "I just may start him. I just don't know yet how he'll be used."

Spahn's 360 games won are the most for any left-hander in the major leagues.

Terms of the Spahn contract, scheduled to be signed on his arrival, weren't divulged. Yet it's believed he won't suffer much of a cut from the reported $73,500 for which he signed with the Mets this year.

Walker Eliminates Fines For Pirates' Bad Plays

DeSarro Hurls 2nd No-Hitter In Minor Loop

Frank DeSarro pitched the Knights of Columbus team to a 17-1 victory in the Wellsville Minor Little League Monday.

Frank became the first pitcher in the league to pitch back-to-back no-hitters. Last Wednesday he pitched his team to a 27-1 no-hit victory against the 24-hour Laundrimatic team, and duplicated the feat last night against the same team.

Mike McCarty led the K of C team with a four-for-four night including two doubles. Maze had three hits for K of C.

McCarty was the losing pitcher for the 24 Hour team and failed to survive a 10 run first inning.

The K of C team is in front of the second half standings with a 4-1 record. Central Federal is in second with 2-2, and the 24-Hour team is in last with a record of 1-4.

Matson Hopes To Compete In AAU Meet

HOUSTON, Tex. (AP) — Randy Matson, world's record holder in the shot put, leaves Thursday for New York to join the American team that competes against Russia at Kiev July 31-Aug. 1.

He is departing earlier than anticipated so he can go by way of Wichita, Kan., where an AAU meet for the American team is being held Friday night. He has hopes of being able to compete in the meet designed to raise funds to send the U.S. team to Russia.

Matson said Senator Warren G. Magnuson, D-Wash., who has called for an investigation of the NCAA-AAU feud, had sent him the copy of a telegram in which he asked the two organizations to allow Matson to compete at Wichita.

The NCAA had forbidden his participation and Matson had planned to leave July 24 for New York until he learned of the new developments.

"I am going to Wichita with hopes of being able to compete," said Matson. "But I'll attend the meet even if I have to sit in the stands."

All-Star Tourney Teams Are Set In HIH League

Two All-Star teams have been named from the HIH League to play in a six-team tournament at Knoxville.

The HIH "A" team will play tonight at 6:30 while the "B" team will open Wednesday night.

Members of the "A" team include Tim Furbee, Chuck Plunkett, Mark Grafton, Mike Patterson, Dick Seevers, Autie Buckel, Dean Lutton, Jeff Beckwith, Kim Boyd, Scott Boyd, Frank Sevek, Paul Boyd, John Gates and Mike Post. Delbert Furbee and Auston Grafton are managers.

The "B" team lists Mark Hoobler, Brian Tadeschi, Howard Seevers, Craig Beadnell, Denny Plunkett, Dick Householder, Tim Crook, Roger Minor, Tom Minor, Chuck Gamble, Jon Talbott, Mike Lewis, John Bettis, Ron Kelly and Brad McElroy. Bim Smith and Francis Dye are managers.

Yesterday's Stars

BATTING — Ken Hamlin, Washington, smashed two homers and drove in four runs, leading the Senators to an 8-0 victory over Detroit.

PITCHING — Lee Stange, Cleveland, pitched a four-hitter as the Indians defeated Baltimore 5-0 and broke out of a three-way tie for second place in the American League.

Americans Name Tourney Roster

Members of the Little League American All-Stars which will open tournament play Wednesday have been named.

The team includes Randy McVay, Rick Watson, Don Lockhart, Don Plant, John Cunningham, Bob Deem, Fred Henderson, Norm McHenry, Rick Shepphard, Dean Horger, Mike Lockhart, Dave Kyle, Clete Payne and Jim Lynch.

Len Walker is manager and Norm Davis will be coach.

The Americans will play at Connotton Valley Wednesday.

Burbick's Whips Sevy's, Litten's Rips Woodbine

Burbick's hung on to its slim lead in the second half of the Pony League by nipping Sevy's 6-5 in nine innings and Litten's blasted Woodbine, 10-1, in another game Monday.

Sevy's trailed 5-0 but bounced back with four runs in the sixth and one in the seventh. Burbick's posted the winning run in the top of the ninth.

Sevy's committed seven errors and Dan Cunningham was charged with the defeat in relief of Bill Montgomery who fanned 12 batters over his seven inning appearance. Berhar gained the mound victory after relieving Jim Musuraca who struck out an even dozen.

Berhar also led the hitting with a double and single while Montgomery drove in two of his team's runs in a losing cause.

A home run by Parson featured Litten's 10 - hit attack while Myers came up with three safeties in four trips to the plate.

Litten's scored late coming up with four runs in the sixth inning and four in the seventh.

Bob Flint was the winning pitcher with Bernard Lovejoy the loser. Clark and Logston had two hits apiece for Woodbine.

Browns Show 61 On Roster

HIRAM, Ohio (AP) — Cleveland Browns' Coach Blanton Collier plans to cup up to a dozen players before the Aug. 6 football game against the College All Stars in Chicago.

"We should be a couple of players above or below 50," Collier said Monday at the National Football League champion's training camp.

The Browns now are carrying 61 players, including Walter Johnson, defensive tackle, and Jim Garcia, defensive end, who are with the All Stars now.

Ernie Green, regular left halfback, who pulled a hamstring muscle, will take it easy for about four days.

Veteran Dick Schafrath, an offensive tackle, is missing heavy line workouts a few days because of a troublesome back, an almost chronic condition with him.

2 Highlandtown Teams, Red Sox Win HIH Games

Two Highlandtown teams posted victories and the league champs, the Hammondsville Red Sox, won Monday in HIH League contests.

The Highlandtown Colts posted a 13-2 victory over the Hammondsville Yankees with Kim Boyd the winning pitcher and Mike Patterson the loser.

The Highlandtown Apaches nipped the Highlandtown Rebels, 9-8, as Jon Talbott gained the victory in relief of Chuck Gamble.

The champion Red Sox blanked the Irondale Indians, 12-0, as Tim Furbee hurled the shutout. Chuck Plunkett connected for two home runs and Paul Knox hit one for the winners.

Illness Forces Aschman To Quit

ALIQUIPPA — Ill health has forced the resignation of Carl Aschman, head football coach at Aliquippa High School for the last 23 seasons.

Aschman, 61, was dean of WPIAL gridiron coaches.

He submitted his resignation to school officials after his release last week from Mercy Hospital, Pittsburgh, where he had been confined for several weeks.

The Aliquippa school board will meet tonight to discuss a successor.

Aschman has a record of 189 victories, 88 losses and 10 ties at Aliquippa.

New Playlot 'Swings' Into Action

These four youngsters and their supervisor, Miss Betsy Garner, tried out a newfangled seesaw called a "buckabout" when a new playground opened Monday on a site off E. 4th St. near College St.

Riding the "buckabout" are, clockwise from left, Mickey Hull, 4, Mystic Smith, 5, Rebecca Wright, 7, and Richard Smith, 6. Miss Garner, seated in the center of the device is a sophomore at Mt. Union College in Alliance, majoring in French.

Use of the tract as a new playlot for the downtown area was arranged by the new City Park Commission, which signed a $1-a-year lease with the owner, the First Church of Christ. The lot is 400-x-200 feet.

John Parsons, chairman of the Park Commission, said it is the first new playground established within the city limits in the last eight years. The lot is supervised by the Recreation Council, as are the 15 or more others in the district.

In addition to the "buckabout," which is a jet - age version of the seesaw, the lot is equipped with swings, a sliding board, a sandbox and other equipment.

Parsons said the lot drew a crowd of youngsters immediately after its opening Monday morning. The lease will run five years.

Matson Hopes To Compete In AAU Meet

HOUSTON, Tex. (AP) — Randy Matson, world's record holder in the shot put, leaves Thursday for New York to join the American team that competes against Russia at Kiev July 31-Aug. 1.

He is departing earlier than anticipated so he can go by way of Wichita, Kan., where an AAU meet for the American team is being held Friday night. He has hopes of being able to compete in the meet designed to raise funds to send the U.S. team to Russia.

Matson said Senator Warren G. Magnuson, D-Wash., who has called for an investigation of the NCAA-AAU feud, had sent him the copy of a telegram in which he asked the two organizations to allow Matson to compete at Wichita.

The NCAA had forbidden his participation and Matson had planned to leave July 24 for New York until he learned of the new developments.

"I am going to Wichita with hopes of being able to compete," said Matson. "But I'll attend the meet even if I have to sit in the stands."

Burbick's Whips Sevy's, Litten's Rips Woodbine

Burbick's hung on to its slim lead in the second half of the Pony League by nipping Sevy's 6-5 in nine innings and Litten's blasted Woodbine, 10-1, in another game Monday.

Sevy's trailed 5-0 but bounced back with four runs in the sixth and one in the seventh. Burbick's posted the winning run in the top of the ninth.

Sevy's committed seven errors and Dan Cunningham was charged with the defeat in relief of Bill Montgomery who fanned 12 batters over his seven inning appearance. Berhar gained the mound victory after relieving Jim Musuraca who struck out an even dozen.

Berhar also led the hitting with a double and single while Montgomery drove in two of his team's runs in a losing cause.

A home run by Parson featured Litten's 10 - hit attack while Myers came up with three safeties in four trips to the plate.

Litten's scored late coming up with four runs in the sixth inning and four in the seventh.

Bob Flint was the winning pitcher with Bernard Lovejoy the loser. Clark and Logston had two hits apiece for Woodbine.

Calcutta Firemen To Receive Bids For New Tanker

The Calcutta volunteer fire department announced it is receiving bids and specifications on a new 1,000-gallon tanker, to cost about $8,000, during a meeting Monday night in the fire hall.

The 16 firemen present noted that proceeds from their annual carnival, which will run from Aug. 9-14, will help pay for the tanker.

Featured at the annual outing will be Pat Lawton and Dick Smith, sky divers from Pittsburgh, who will perform the evenings of Aug. 11 and 14. They have jumped more than 1,000 times and will bail out at 8,000 feet over the carnival grounds, trailing smoke from instruments attached to their heels, firemen said.

Rides will be furnished by the Hecks Amusement Co. Advance ride tickets may be obtained from any Calcutta firemen. Richard Wright is in charge of ticket sales.

Norman Neal, president, presided. Robert White took the roll.

Speeding

(Continued from Page 1)

to ease left turns off W. 3rd St. for eastbound traffic wishing to turn left onto Market St.

The signals require new controls at a cost of $374 each, he said. In addition, the "walk light" for Broadway and E. 6th would cost $76 and the green arrow would cost $23, an overall total of $847, Vodrey said. The figures were referred to the finance committee.

He reported that a "no turn" sign has been installed in an alley at the East Liverpool end of the Newell Bridge, as requested earlier by Council.

—:—

VODREY ALSO reported that a street department hopper - type ash spreading truck has been deadlined because of bad mechanical condition. The hopper - type body, used in the winter, is worn out, he added.

The 1954 model hopper truck is "an emergency truck," kept loaded with ashes at all times during the winter, he explained. When snow begins, it is the first onto the streets and can ash two or three thoroughfares before other vehicles are loaded and ready to go, Vodrey said. In summertime, the hopper is removed and replaced with a conventional dump body.

The Council finance committee was asked to study the director's report. Councilman Floyd Murray, who made the motion, said the committee should act quickly so a new vehicle can be acquired before winter, if necessary.

Murray relayed a request from Councilman James Cunningham, who is on vacation, for a resurfacing of a stretch of Fisher Ave., Maplewood, from St. Clair Ave. to the city limits. The city's share of the work would be about $1,000, he said. Murray said the resurfacing is needed primarily to prevent drainage of water onto private property.

Council voted to refer the request to Engineer George Bloomgren and Solicitor Joseph W. Cooper "for the proper procedure."

—:—

MURRAY commented that at the last meeting he asked why the Board of Public Utilities employed a non - resident to work in the water department, which it administers. Murray said he has received no reply to his question. Council approved his motion directing the board to reply to the question in writing before Council's next meeting on Aug. 16.

Murray also commented that he would "like to see some action soon" on proposed purchase of a new emergency truck for the fire department.

Vodrey replied that he has been attempting to get Fire Chief Charles Bryan and the assistant chiefs to approve specifications for a new chassis and body, including types that could utilize equipment used on the present truck. But, he said, he has been unable to get information back from the fire department on the type of truck the firemen feel should be purchased.

Murray commented that Vodrey "is fully in charge of the department". He said he feels the director should proceed with the purchase of the equipment even if members of the fire department cannot agree on what they want. Council approved his suggestion that Vodrey proceed with the purchase, if he wishes.

Murray commented that the street department has started work on cleaning out the bed of the East End Run after easements were obtained from some of the affected property owners. Debris has been blamed for causing the little stream to overflow on occasions during heavy rains.

Murray also reported he has received petitions for new street lights on Sherwood Ave. at Boring Ln. and on W. 2nd St. at the junction with an alley. The name of the alley has not been determined definitely, he said. The petitions were given to the street committee, which Murray heads.

—:—

COUNCIL received and filed a letter from Atty. Jackman Vodrey, secretary of Columbiana CATV, Inc., reporting that an agreement for joint operation of a community antenna television system was signed last week by two firms which formerly sought to operate separately.

His letter reported the agreement was signed between Rego Industries, Inc., of Hoboken, N. J., granted a CATV franchise earlier, and the two companies operating Columbiana CATV, Inc. — The Review and the Neptune Broadcasting Corp. of Steubenville.

Vodrey advised that because of the agreement for joint operation, Columbiana CATV wishes to withdraw its request for a separate franchise, which it filed in May.

Murray commented that he feels the CATV operators should take steps soon to get the system into operation.

"I feel we have gone far enough with these people," he said. "If they don't get started on installation, I feel we should grant some more franchises to assure the city will have service."

"We've gone along with them for months, but they're not doing anything," Murray continued. "I'm getting sick and tired of it. Maybe by the time of our next meeting, I will have something for Council on this question."

Hancock, who made the motion to receive and file, said he agrees with Murray.

"I don't necessarily agree with what these companies are doing," he said. "My motion was just to receive and file. What Floyd said was perfectly true — they have been stalling month after month."

That closed the discussion and the motion to file the letter was passed, 5-1, with Murray dissenting.

—:—

THE CLAIMS committee was given two bills against the city. Daniel Bekar, 152 Center St., asked $6.44 for damage to a boat trailer June 16 when it hit a hole in the street while rounding a turn at Cross and Center Sts. S. A. Thomas, 1711 Globe St., asked $62 damage to his auto when it hit a hole in a street May 29, causing it to go out of control.

The meeting opened with invocation by Councilman Robert W. Sample. Cunningham was excused.

Home Admission Policy Discussed

Mrs. Dorothy Knabb, child welfare worker from the West Virginia Department of Welfare, met with members of the Hancock County Children's Home Board Monday night at the home on Gas Valley Rd., near Pughtown.

She conducted a discussion concerning new admissions at the home.

Omar Harman, manager of the farm adjacent to the home, was authorized to buy a battery for the tractor and to purchase lime for use in the fields next fall.

Monthly bills were approved for payment.

Ernest John presided in the absence of James Finley, chairman. Other members present were Dick Wright, Arnold Anderson, Norman Ferrari and Charles Padden.

The next meeting will be Aug 16 at the home.

Young Driver Loses Permit For Speeding

Municipal Judge Samuel M. Chertoff today ordered a 20 - day suspension in the driver's license of a Wellsville man accused of speeding, then raised it to 30 days after he discovered it was the defendant's second appearance in the local court on such a charge within five months.

The penalty was imposed on Robert K. Hargreaves, 25, of 336 Broadway, who pleaded guilty to a charge of speeding 70 miles an hour last Friday on Route 7. He was cited by the State Highway Patrol.

The judge first ordered a 20-day suspension of Hargreaves' permit, then discovered that the Wellsville man had been before him on Feb. 23, also on a speeding charge. Checking the record, the judge found Hargreaves had been given a 10-day suspension for the first violation, so he upped the latest penalty to 30 days.

Hargreaves toid the judge he "did not realize how fast I was going."

Two others were fined on speeding charges.

Robert F. Queen, 24, of 1317 St. Clair Ave. was fined $10 and costs after pleading "no contest" on a charge of driving at a speed that was greater than reasonable and proper as a result of a mishap July 12 on the Calcutta - Smiths Ferry Rd.

Queen told the court he pulled toward the side of the road to avoid an oncoming car. His wheels went onto a soft berm and the car swerved toward a ditch, he said. To avoid the ditch, he related, he pulled the wheel in the other direction and the car crossed the road and hit an embankment.

Arnold Eugene Black of R.D. 2 was fined $15 and costs on a charge of speeding 60 miles an hour in a 50-mile zone last Friday night on the East Liverpool-Wellsville road. He was cited by the patrol in a radar check.

Edwin L. Leake, 25, of 343 Commerce St., Wellsville, was fined $10 and costs on a charge of crossing the medial strip on a four-lane divided highway. He was cited by the patrol after a mishap Wednesday on the East Liverpool-Wellsville road. Leake was hospitalized until Saturday with injuries suffered in the crash.

He told the judge he swerved to miss a tractor-trailer rig which stopped on the highway in front of him.

Board OK's Sewage Plan For St. Clair

LISBON — The Columbiana County Board of Health Monday night approved preliminary plans for an aeration - sewage system for the Calcutta - Glenmoor area and hired personnel for a new cancer detection clinic at the Courthouse.

The board gave approval to plans submitted by George Bloomgren, East Liverpool engineer, for the sewage system designed for the St. Clair Township sites.

It is planned as part of a new system under a countywide district which supercedes the former Southeastern Sewage District.

Mrs. Katherine Peterson of Lisbon R.D. 5 was hired as nurse and Mrs. Ersley Stuart of Lisbon R.D. as clerk for the cancer detection clinic which will open in August.

The program will provide women with information on detection and tests for possible cancer, to be read by Dr. William Kolotzsi. The program is financed with funds channeled through the Ohio Department of Health and utilizies no local money, it was explained.

A visit was made to the Nease Chemical Co. near Salem July 15 by Ohio Department of Health personnel and a report is scheduled on the plant, which has been the target for complaints about odors.

Harry Stockdale, sanitarian, reported on a sewage disposal problem in an area of Columbiana relative to which he has proposed an extension of municipal sewage lines.

The next meeting will be Aug. 16.

In loving memory of our husband and father Harold Householder who passed away 1 year ago today, July 20, 1964.
You bid no one a last farewell,
You said goodbye to none.
The Heavenly Gate had opened,
A lovely voice said, "Come."
God gave us strength to face it
And courage to bear the blow.
And what it meant to lose you,
No one will ever know.
Sadly missed by his wife, and children.

3 CARDS OF THANKS

WE wish to thank the many kind friends and neighbors for their help and thoughtfulness during the illness and death of our beloved husband and father Alonzo A. Brown. Especially do we thank those who sent food, cards, flowers, and donated cars, The Arner Funeral Chapel, Dr. J. E. Hall, the Weirton General Hospital and staff, and the Rev. Forest Campbell for his many kindnesses and his consoling words.
Mrs. Alonzo Brown and family, Alonzo Jr., Marilyn Dixon, Norma Blakeley, and Billy Brown.

Calcutta Firemen To Receive Bids For New Tanker

The Calcutta volunteer fire department announced it is receiving bids and specifications on a new 1,000-gallon tanker, to cost about $8,000, during a meeting Monday night in the fire hall.

The 16 firemen present noted that proceeds from their annual carnival, which will run from Aug. 9-14, will help pay for the tanker.

Featured at the annual outing will be Pat Lawton and Dick Smith, sky divers from Pittsburgh, who will perform the evenings of Aug. 11 and 14. They have jumped more than 1,000 times and will bail out at 8,000 feet over the carnival grounds, trailing smoke from instruments attached to their heels, firemen said.

Rides will be furnished by the Hecks Amusement Co. Advance ride tickets may be obtained from any Calcutta firemen. Richard Wright is in charge of ticket sales.

Norman Neal, president, presided. Robert White took the roll.

If you like your gravy thin, use only one tablespoon of flour to one cup of liquid.

Speeding

(Continued from Page 1)

to ease left turns off W. 3rd St. for eastbound traffic wishing to turn left onto Market St.

The signals require new controls at a cost of $374 each, he said. In addition, the "walk light" for Broadway and E. 6th would cost $76 and the green arrow would cost $23, an overall total of $847, Vodrey said. The figures were referred to the finance committee.

He reported that a "no turn" sign has been installed in an alley at the East Liverpool end of the Newell Bridge, as requested earlier by Council.

—:—

VODREY ALSO reported that a street department hopper - type ash spreading truck has been deadlined because of bad mechanical condition. The hopper - type body, used in the winter, is worn out, he added.

The 1954 model hopper truck is "an emergency truck," kept loaded with ashes at all times during the winter, he explained. When snow begins, it is the first onto the streets and can ash two or three thoroughfares before other vehicles are loaded and ready to go, Vodrey said. In summertime, the hopper is removed and replaced with a conventional dump body.

The Council finance committee was asked to study the director's report. Councilman Floyd Murray, who made the motion, said the committee should act quickly so a new vehicle can be acquired before winter, if necessary.

Murray relayed a request from Councilman James Cunningham, who is on vacation, for a resurfacing of a stretch of Fisher Ave., Maplewood, from St. Clair Ave. to the city limits. The city's share of the work would be about $1,000, he said. Murray said the resurfacing is needed primarily to prevent drainage of water onto private property.

Council voted to refer the request to Engineer George Bloomgren and Solicitor Joseph W. Cooper "for the proper procedure."

—:—

MURRAY commented that at the last meeting he asked why the Board of Public Utilities employed a non - resident to work in the water department, which it administers. Murray said he has received no reply to his question. Council approved his motion directing the board to reply to the question in writing before Council's next meeting on Aug. 16.

Murray also commented that he would "like to see some action soon" on proposed purchase of a new emergency truck for the fire department.

Vodrey replied that he has been attempting to get Fire Chief Charles Bryan and the assistant chiefs to approve specifications for a new chassis and body, including types that could utilize equipment used on the present truck. But, he said, he has been unable to get information back from the fire department on the type of truck the firemen feel should be purchased.

Murray commented that Vodrey "is fully in charge of the department". He said he feels the director should proceed with the purchase of the equipment even if members of the fire department cannot agree on what they want. Council approved his suggestion that Vodrey proceed with the purchase, if he wishes.

Murray commented that the street department has started work on cleaning out the bed of the East End Run after easements were obtained from some of the affected property owners. Debris has been blamed for causing the little stream to overflow on occasions during heavy rains.

Murray also reported he has received petitions for new street lights on Sherwood Ave. at Boring Ln. and on W. 2nd St. at the junction with an alley. The name of the alley has not been determined definitely, he said. The petitions were given to the street committee, which Murray heads.

—:—

COUNCIL received and filed a letter from Atty. Jackman Vodrey, secretary of Columbiana CATV, Inc., reporting that an agreement for joint operation of a community antenna television system was signed last week by two firms which formerly sought to operate separately.

His letter reported the agreement was signed between Rego Industries, Inc., of Hoboken, N. J., granted a CATV franchise earlier, and the two companies operating Columbiana CATV, Inc. — The Review and the Neptune Broadcasting Corp. of Steubenville.

Vodrey advised that because of the agreement for joint operation, Columbiana CATV wishes to withdraw its request for a separate franchise, which it filed in May.

Murray commented that he feels the CATV operators should take steps soon to get the system into operation.

"I feel we have gone far enough with these people," he said. "If they don't get started on installation, I feel we should grant some more franchises to assure the city will have service."

"We've gone along with them for months, but they're not doing anything," Murray continued. "I'm getting sick and tired of it. Maybe by the time of our next meeting, I will have something for Council on this question."

Hancock, who made the motion to receive and file, said he agrees with Murray.

"I don't necessarily agree with what these companies are doing," he said. "My motion was just to receive and file. What Floyd said was perfectly true — they have been stalling month after month."

That closed the discussion and the motion to file the letter was passed, 5-1, with Murray dissenting.

—:—

THE CLAIMS committee was given two bills against the city. Daniel Bekar, 152 Center St., asked $6.44 for damage to a boat trailer June 16 when it hit a hole in the street while rounding a turn at Cross and Center Sts. S. A. Thomas, 1711 Globe St., asked $62 damage to his auto when it hit a hole in a street May 29, causing it to go out of control.

The meeting opened with invocation by Councilman Robert W. Sample. Cunningham was excused.

Home Admission Policy Discussed

Mrs. Dorothy Knabb, child welfare worker from the West Virginia Department of Welfare, met with members of the Hancock County Children's Home Board Monday night at the home on Gas Valley Rd., near Pughtown.

She conducted a discussion concerning new admissions at the home.

Omar Harman, manager of the farm adjacent to the home, was authorized to buy a battery for the tractor and to purchase lime for use in the fields next fall.

Monthly bills were approved for payment.

Ernest John presided in the absence of James Finley, chairman. Other members present were Dick Wright, Arnold Anderson, Norman Ferrari and Charles Padden.

The next meeting will be Aug 16 at the home.

Young Driver Loses Permit For Speeding

Municipal Judge Samuel M. Chertoff today ordered a 20 - day suspension in the driver s license of a Wellsville man accused of speeding, then raised it to 30 days after he discovered it was the defendant's second appearance in the local court on such a charge within five months.

The penalty was imposed on Robert K. Hargreaves, 25, of 336 Broadway, who pleaded guilty to a charge of speeding 70 miles an hour last Friday on Route 7. He was cited by the State Highway Patrol.

The judge first ordered a 20-day suspension of Hargreaves' permit, then discovered that the Wellsville man had been before him on Feb. 23, also on a speeding charge. Checking the record, the judge found Hargreaves had been given a 10-day suspension for the first violation, so he upped the latest penalty to 30 days.

Hargreaves toid the judge he "did not realize how fast I was going."

Two others were fined on speeding charges.

Robert F. Queen, 24, of 1317 St. Clair Ave. was fined $10 and costs after pleading "no contest" on a charge of driving at a speed that was greater than reasonable and proper as a result of a mishap July 12 on the Calcutta - Smiths Ferry Rd.

Queen told the court he pulled toward the side of the road to avoid an oncoming car. His wheels went onto a soft berm and the car swerved toward a ditch, he said. To avoid the ditch, he related, he pulled the wheel in the other direction and the car crossed the road and hit an embankment.

Arnold Eugene Black of R.D. 2 was fined $15 and costs on a charge of speeding 60 miles an hour in a 50-mile zone last Friday night on the East Liverpool-Wellsville road. He was cited by the patrol in a radar check.

Edwin L. Leake, 25, of 343 Commerce St., Wellsville, was fined $10 and costs on a charge of crossing the medial strip on a four-lane divided highway. He was cited by the patrol after a mishap Wednesday on the East Liverpool-Wellsville road. Leake was hospitalized until Saturday with injuries suffered in the crash.

He told the judge he swerved to miss a tractor-trailer rig which stopped on the highway in front of him.

Board OK's Sewage Plan For St. Clair

LISBON — The Columbiana County Board of Health Monday night approved preliminary plans for an aeration - sewage system for the Calcutta - Glenmoor area and hired personnel for a new cancer detection clinic at the Courthouse.

The board gave approval to plans submitted by George Bloomgren, East Liverpool engineer, for the sewage system designed for the St. Clair Township sites.

It is planned as part of a new system under a countywide district which supercedes the former Southeastern Sewage District.

Mrs. Katherine Peterson of Lisbon R.D. 5 was hired as nurse and Mrs. Ersley Stuart of Lisbon R.D. as clerk for the cancer detection clinic which will open in August.

The program will provide women with information on detection and tests for possible cancer, to be read by Dr. William Kolotzsi. The program is financed with funds channeled through the Ohio Department of Health and utilizies no local money, it was explained.

A visit was made to the Nease Chemical Co. near Salem July 15 by Ohio Department of Health personnel and a report is scheduled on the plant, which has been the target for complaints about odors.

Harry Stockdale, sanitarian, reported on a sewage disposal problem in an area of Columbiana relative to which he has proposed an extension of municipal sewage lines.

The next meeting will be Aug. 16.

ANNOUNCEMENTS

2 IN MEMORIAM

IN MEMORIAM

In loving memory of our husband and father Harold Householder who passed away 1 year ago today, July 20, 1964.
You bid no one a last farewell,
You said goodbye to none.
The Heavenly Gate had opened,
A lovely voice said, "Come."
God gave us strength to face it
And courage to bear the blow.
And what it meant to lose you,
No one will ever know.
Sadly missed by his wife, and children.

3 CARDS OF THANKS

WE wish to thank the many kind friends and neighbors for their help and thoughtfulness during the illness and death of our beloved husband and father Alonzo A. Brown. Especially do we thank those who sent food, cards, flowers, and donated cars. The Arner Funeral Chapel, Dr. J. E. Hall, the Weirton General Hospital and staff, and the Rev. Forest Campbell for his many kindnesses and his consoling words.
Mrs. Alonzo Brown and family, Alonzo Jr., Marilyn Dixon, Norma Blakeley, and Billy Brown.

OFF THE RECORD

"I'll say one good thing for you, Rollo—no, I won't either."

Today In History

By The Associated Press

Today is Tuesday, July 20, the 201st day of 1965. There are 164 days left in the year.

Today's highlight in history:

On this date in 1881, one of the last of the great Indian leaders, Chief Sitting Bull of the Sioux tribe, surrendered after returning from Canada. He had fled across the border following the annihilation of General George Custer's force.

On this date

In 1861, the Confederate Congress met at Richmond, Va., the new capital, after moving from Montgomery, Ala.

In 1917, Secretary of War Newton Baker drew 258, the first number in the World War I draft.

In 1934, Mexican bandit and rebel leader Pancho Villa was assassinated at Parral, Mexico.

In 1933, the Blue Eagle was promulgated as the symbol of the National Industrial Recovery Act; it was ruled invalid in 1935.

Ten years ago — Sixty persons were injured when demonstrators against the 1954 truce accords sacked two hotels in Saigon, Viet Nam.

Five years ago — President Dwight Eisenhower announced the federal budget showed a surplus of more than $1 billion in the fiscal year ended June 30.

One year ago — Eight persons were killed when a bus plunged off a cliff and into the ocean in Las Palmas, Canary Islands.

How Can I?

By ANNE ASHLEY

Q. — How can I clean discolored enamelware?

A. — Usually, rubbing with a paste of salt and vinegar will do a good cleaning job.

Q. — How can I clean an eiderdown garment?

A. — Rub it thoroughly with cornmeal, allowing it to stand for a few days, then shaking it out thoroughly.

Junior Editors Quiz on OSTRICHES

QUESTION: Do ostriches really bury their heads in the ground in time of trouble?

★ ★ ★

ANSWER: This idea is a legendary and mistaken one. It probably came from the fact that this huge creature, the largest of all birds, has a bulky body but a very long neck, bare of feathers. From a distance you see the body, but not observing the slender neck, you might think the bird had put his head down. And not seeing the head, might assume he has buried it. Another reason is that to bury one's head in time of danger is stupid, and the ostrich is a stupid bird. It is a magnificent runner; with strides of 25 feet it can make 50 miles an hour. But the poor old ostrich can't seem to resist the silly idea that it should run in a circle. The result is, as our picture shows, that hunters can figure out where the ostrich is going to appear, so they can be there and shoot him with bows and arrows or guns. Ostriches live in western Asia and Africa. Once, they were extensively hunted for their beautiful plumes, and today are not common in their original habitats. But many ostriches have been raised on ostrich farms in Africa and different places in the Americas.

SECRET AGENT

Out Of The Air

By RICHARD DOAN

Goulet As A Double Agent

Robert Goulet, being a big-name, highly successful singer, wants to be a non-singing dramatic actor.

Richard Doan

So he is going to star as a double agent in a half-hour drama based on the adventures of a World War II counterespionage organization called "Blue Light." The drama will be filmed in Hollywood in October as a TV pilot for the 1966-67 season.

-:-

ABC is co-producing the sample program with Goulet and his manager, Norman Rosemont, through Rosemont's production company, Rogo.

The story line for "Blue Light" was developed by Larry Cohen, author of NBC's "Branded" series.

Goulet is cast in the proposed weekly series as a supposed wartime traitor working with the Germans against his own country.

The singer got a taste of TV acting last year when he appeared in the role of a maverick GI in an episode of "Suspense Theater" on NBC.

-:-

THE Federal Communications Commission has come out with its expected dictum against loud TV and radio commercials.

The agency warned broadcasters it will check complaints or make spot checks at license-renewal times to determine whether stations appear to be making an effort to keep the sound levels of sales pitches within reason.

The FCC edict is a policy statement rather than a formal rule, however, and no specific standards were laid down as to the "loudness" that wil be countenanced. Broadcasters apparently are expected to know when commercials are "objectionably" loud.

-:-

THE COMMISSION held that overly-loud blabs are "contrary to the public interest."

What interested the broadcasting industry as much as the loud commercial warning itself was the fact that the FCC at virtually the same time disclosed that it expects to resume policing "excessive" commercialization on a case-by-case basis.

This will take the form of letters of inquiry to stations found to be airing more commercials than they proposed to schedule when they applied for a license.

The authoritative trade magazine Broadcasting observed that the two FCC moves seemed to represent a "stiffening in the commission's attitude toward commercials."

-:-

AN EFFORT led by FCC to clamp a ceiling on the number of commercials stations could air in given periods was slapped down by Congress a year and a half ago on the grounds that the commission was legally overstepping its powers.

A 3-3 deadlock in the FCC over the policing of commercials on a promise vs. performance basis was broken by the agency's newest appointee, James J. Wadsworth, who voted for resuming the practice.

Wadsworth was quoted as saying he didn't like the idea that "people can misrepresent to the government—that they can get their license based on a proposal and then do what they want."

-:-

ABC CONFIRMED that reruns of "Ben Casey" will be introduced as a daytime feature. Starting date: Sept. 27. Expected hour: 1 p.m. Monday through Friday.

Among "Casey," a new daytime version of "The Nurses" and the current soap opera, "General Hospital," ABC will have a very antiseptic afternoon entertainment.

Character actor Carl Benton Reid will have the only continuing role supporting Gene Barry on ABC's "Amos Burke, Secret Agent" next season. Reid will portray the Man, an anonymons U.S. government official to whom Burke reports.

School Cook Attends Kent State Workshop

Mrs. Dorothy Hamilton of 1115 Esther Ave., Wellsville, head cook at the Fairview School, Hillcrest, returned Sunday after attending a workshop at Kent State University for managers and cooks of school lunch programs in schools throughout the state.

Sponsored by the food service department of the university in cooperation with the school lunch program of the Ohio Department of Education, the six-day workshop featured training in food purchasing, storage, preparation and serving and menu selection.

Miss Maloney Begins Post In Social Service

Miss Pamela Maloney, daughter of Mr. and Mrs. Edwin Maloney, 411 Vine St., has completed studies in social service work at Kent State University and has taken residence in Sylvania, Ohio.

She is employed as a probation counselor for delinquent girls at the Family Court Center in Lucas County (Toledo).

Steel Production In Second Half Seen Under First

CLEVELAND (AP) — Total steel output in the second half of this year will be well below the record first-half production, predicts Republic Steel Corp.'s chief executive officer.

Thomas F. Patton said Monday the inventory buildup "makes it virtually certain" his production forecast will come true.

He made the prediction in reporting Republic had big gains in profits and sales for the first half of 1965.

The nation's third-ranked steel producer made $47,629,466, or $3.02 a share, in the six months ended June 30. This compares with net income of $33,537,340, or $2.13 a share a year ago.

First-half sales rose to $767,221,388—a 25.8 per cent increase over the similar 1964 total.

10th Reprieve Given Man, 22, In Alabama

MONTGOMERY, Ala. (AP) — A man scheduled to die Friday in the state's electric chair has been given his 10th reprieve.

Gov. George C. Wallace delayed execution of Leroy Taylor, 22, of Talladega, until Aug. 20.

The governor granted the stay to study arguments presented in a clemency hearing Monday.

Taylor, a Negro, was sentenced to die in 1963 for drowning Cynthia Marie Hawkins, 7.

$7,000 Cruiser Sinks

LORAIN, Ohio (AP) — Value of a 27-foot cabin cruiser that sank in 20 feet of water in Lake Erie has been set at $7,000. The coast guard rescued J. Palmer of Lorain, who radioed for help Sunday night.

Hancock 40 & 8 Unit Plans For Promendate

Plans for the first district promenade were discussed at a meeting of Hancock County Voiture 1459, 40 & 8 Society, Sunday night at Lawrenceville American Legion Post 163. The affair will be held at Newell American Legion Post 114 Aug. 15.

The first district is comprised of Hancock, Brooke, Ohio and Wetzel counties.

Charles W. Morris, grande chef de gare passe, reported on the recent grande promenade conducted in Charleston, at which Evert Maki, Weirton correspondent of the voiture, was elected grande chef de train.

The voiture will sponsor the first edition of a Grande Voiture monthly newspaper for West Virginia, with Morris as editor.

A donation of $25 was approved for the child welfare program of Chester American Legion Post 121 for the retarded children's camp.

Goble's Report Returns Findings In Clerk's Case

COLUMBUS, Ohio (AP) — State Auditor Chester W. Goble today released an audit report returning findings for the recovery of $5,632 against Mrs. Elizabeth A. Haynes, a former clerk in a Butler County court.

Of the total findings, Goble said, $240 consisted of returned or bad accounts or insufficient funds and that the audit showed Mrs. Haynes made no effort to collect. The balance of the finding was in court fees and fines collected but undeposited, Goble added.

The findings cover a period from Dec. 31, 1962 through May 31, 1965. Also named in the finding was the Ohio Casualty Insurance Co. of Hamilton. Mrs. Haynes was covered by $5,000 bond.

Mrs. Haynes formerly was clerk of County Court No. 2 located in Fairfield.

Goble also said the examiners reported that fees and fines totaling $14,897.22 collected by Mrs. Haynes had not been distributed to various political subdivisions.

ALBUQUERQUE, N.M. (AP) —The Rt. Rev. James Stoney, 77, who retired nine years ago as Episcopal bishop of New Mexico, died Monday.

Plastics Supply Seen Cause Of Fremont Blaze

FREMONT, Ohio (AP) — A million-dollar fire that destroyed a building housing two industries apparently started in a supply of plastics used by a drapery manufacturer, Fire Chief Alvin Whittaker reported

The flames Monday destroyed the three-story building housing the A. C. S. Jevons Co., the drapery manufacturer; and the Henry G. Frey Co

Patrick Myers, a Frey Co. partner, said the loss to his firm, which makes toys, would be nearly $1 million. The company had a large supply of dolls, stuffed animals and gift items ready for the Christmas market.

Firemen fought the flames for more than two hours. The roof of the building, one of the oldest in Fremont, was burned off, and the upper floors and some of the walls collapsed.

When you are stuffing cabbage leaves, you may want to soak the leaves in very hot water to wilt them and make them manageable.

Legislator To Resign West Virginia Post

CHARLESTON, W. Va. (AP) — Del. Earl Vickers, D-Fayette, says he intends to submit his resignation from the legislature sometime this week to take a $17,000 a year job as special assistant to a legislative interim committee.

Reached today at his home at Montgomery, the five-year House veteran said he would quit the legislature in the next few days.

Goulet As A Double Agent

Robert Goulet, being a big-name, highly successful singer, wants to be a non-singing dramatic actor.

Richard Doan

So he is going to star as a double agent in a half-hour drama based on the adventures of a World War II counterespionage organization called "Blue Light." The drama will be filmed in Hollywood in October as a TV pilot for the 1966-67 season.

-:-

ABC is co-producing the sample program with Goulet and his manager, Norman Rosemont, through Rosemont's production company, Rogo.

The story line for "Blue Light" was developed by Larry Cohen, author of NBC's "Branded" series.

Goulet is cast in the proposed weekly series as a supposed wartime traitor working with the Germans against his own country.

The singer got a taste of TV acting last year when he appeared in the role of a maverick GI in an episode of "Suspense Theater" on NBC.

-:-

THE Federal Communications Commission has come out with its expected dictum against loud TV and radio commercials.

The agency warned broadcasters it will check complaints or make spot checks at license-renewal times to determine whether stations appear to be making an effort to keep the sound levels of sales pitches within reason.

The FCC edict is a policy statement rather than a formal rule, however, and no specific standards were laid down as to the "loudness" that wil be countenanced. Broadcasters apparently are expected to know when commercials are "objectionably" loud.

-:-

THE COMMISSION held that overly-loud blabs are "contrary to the public interest."

What interested the broadcasting industry as much as the loud commercial warning itself was the fact that the FCC at virtually the same time disclosed that it expects to resume policing "excessive" commercialization on a case-by-case basis.

This will take the form of letters of inquiry to stations found to be airing more commercials than they proposed to schedule when they applied for a license.

The authoritative trade magazine Broadcasting observed that the two FCC moves seemed to represent a "stiffening in the commission's attitude toward commercials."

-:-

AN EFFORT led by FCC to clamp a ceiling on the number of commercials stations could air in given periods was slapped down by Congress a year and a half ago on the grounds that the commission was legally overstepping its powers.

A 3-3 deadlock in the FCC over the policing of commercials on a promise vs. performance basis was broken by the agency's newest appointee, James J. Wadsworth, who voted for resuming the practice.

Wadsworth was quoted as saying he didn't like the idea that "people can misrepresent to the government—that they can get their license based on a proposal and then do what they want."

-:-

ABC CONFIRMED that reruns of "Ben Casey" will be introduced as a daytime feature. Starting date: Sept. 27. Expected hour: 1 p.m. Monday through Friday.

Among "Casey," a new daytime version of "The Nurses" and the current soap opera, "General Hospital," ABC will have a very antiseptic afternoon entertainment.

Character actor Carl Benton Reid will have the only continuing role supporting Gene Barry on ABC's "Amos Burke, Secret Agent" next season. Reid will portray the Man, an anonymous U.S. government official to whom Burke reports.

School Cook Attends Kent State Workshop

Mrs. Dorothy Hamilton of 1115 Esther Ave., Wellsville, head cook at the Fairview School, Hillcrest, returned Sunday after attending a workshop at Kent State University for managers and cooks of school lunch programs in schools throughout the state.

Sponsored by the food service department of the university in cooperation with the school lunch program of the Ohio Department of Education, the six-day workshop featured training in food purchasing, storage, preparation and serving and menu selection.

Miss Maloney Begins Post In Social Service

Miss Pamela Maloney, daughter of Mr. and Mrs. Edwin Maloney, 411 Vine St., has completed studies in social service work at Kent State University and has taken residence in Sylvania, Ohio.

She is employed as a probation counselor for delinquent girls at the Family Court Center in Lucas County (Toledo).

Steel Production In Second Half Seen Under First

CLEVELAND (AP) — Total steel output in the second half of this year will be well below the record first-half production, predicts Republic Steel Corp.'s chief executive officer.

Thomas F. Patton said Monday the inventory buildup "makes it virtually certain" his production forecast will come true.

He made the prediction in reporting Republic had big gains in profits and sales for the first half of 1965.

The nation's third-ranked steel producer made $47,629,466, or $3.02 a share, in the six months ended June 30. This compares with net income of $33,537,340, or $2.13 a share a year ago.

First-half sales rose to $767,-221,388—a 25.8 per cent increase over the similar 1964 total.

10th Reprieve Given Man, 22, In Alabama

MONTGOMERY, Ala. (AP) — A man scheduled to die Friday in the state's electric chair has been given his 10th reprieve.

Gov. George C. Wallace delayed execution of Leroy Taylor, 22, of Talladega, until Aug. 20.

The governor granted the stay to study arguments presented in a clemency hearing Monday.

Taylor, a Negro, was sentenced to die in 1963 for drowning Cynthia Marie Hawkins, 7.
